

Information Memorandum dated 6 July 2026

€10,000,000,000

Negotiable Medium Term Note Programme

Information Memorandum relating to the admission for trading of Negotiable Medium Term Notes

Under the Negotiable Medium Term Note Programme (the "**Programme**") described in this information memorandum (the "**Information Memorandum**"), Unédic (the "**Issuer**" or "**Unédic**") may, subject to compliance with all relevant laws, regulations and directives, at any time list negotiable medium term notes (the "**Notes**") for trading on Euronext Paris ("Euronext Paris") and/or any other regulated market within the meaning of the Directive 2014/65 (as amended) ("**MiFID II**") (a "**Regulated Market**") in a Member State of the European Economic Area ("**EEA**"). A listing application may be presented in view of listing the Notes for trading on the relevant Regulated Market(s). The Final Terms of the Notes (as defined in the section "Terms and Conditions of the Notes" and a form of which is included in this Information Memorandum) will specify whether or not such Notes are subject to a listing application and, if so, on which relevant Regulated Market(s). The aggregate amount of the outstanding Notes may not exceed 10,000,000,000 euros (or its equivalent in other currencies) at any time.

Holders of Notes may be referred to as "**Investor(s)**" or "**Holder(s)**" in this Information Memorandum.

This Information Memorandum does not constitute a base prospectus within the meaning of Regulation 2017/1129 of the European Parliament and the Council dated 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, and repealing Directive 2003/71/EC (the "Prospectus Regulation"), the provisions of which do not apply to the Issuer, and therefore has not been submitted to the clearance procedures of the *Autorité des marchés financiers* (the "AMF"). The Issuer undertakes to update the Information Memorandum on an annual basis.

The Issuer is rated Aa3 (negative outlook) by Moody's France S.A.S., A+ (stable outlook) par S&P Global Ratings Europe Limited et AA- (negative outlook) par Scope Ratings GmbH. The Programme is rated Aa3 (negative outlook) by Moody's France S.A.S., A+ (stable outlook) by S&P Global Ratings Europe Limited et AA- (negative outlook) by Scope Ratings GmbH. As at the date of this Information Memorandum, each of these rating agencies is established in the European Union and is registered under Regulation (EC) No. 1060/2009 of the European Parliament and of the Council of 16 September 2009, as amended (the "**ANC Regulations**") or established in the United Kingdom in accordance with the ANC Regulations to the extent that they form part of the law of the United Kingdom under the European Union (Withdrawal) Act 2018 (the "**ANC Regulations in the United Kingdom**").

This Information Memorandum, the documents incorporated by reference to this Information Memorandum, any update of this Information Memorandum and the Final Terms of the Notes listed for trading on a Regulated Market will be available on the Issuer's website (<https://www.unedic.org>).

A copy of the Financial Documentation was filed with Banque de France in accordance with articles L. 213-0-1 to L. 213-4-1 of the French Monetary and Financial Code.

Prospective investors are invited to take into account the risks described in the "Risk Factors" section before deciding to invest in the Notes issued under the Programme.

Each Issue (as defined in "General Description of the Programme") of Notes will be issued pursuant to the relevant provisions described in the "Terms and Conditions of the Notes" section of this Information Memorandum, as supplemented by the provisions of the relevant Final Terms determined by the Issuer and the relevant Dealers (as defined in "General Description of the Programme") at the time of the relevant Issue.

No person is or has been authorised to give any information or to make any representation other than those contained or incorporated by reference in this Information Memorandum in connection with the sale of Notes and their admission for trading on a Regulated Market. If given or made, such information or representation shall not be relied upon as having been authorised by the Issuer or any of the Dealers. Neither the delivery of this Information Memorandum nor any sale made in connection herewith shall, under any circumstances, imply that there has been no change in the Issuer's affairs since the date hereof or the date of the most recent update to this Information Memorandum, or that there has been no adverse change in the Issuer's financial position since the date hereof or the date of the most recent update to this Information Memorandum, or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing such information.

This Information Memorandum does not constitute an offer of, nor an invitation by or on behalf of the Issuer or the Dealers to subscribe for, or purchase, any Notes.

The Notes and any related guarantee have not been and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act") or with any securities regulatory authority of any state or other jurisdiction of the United States. Subject to certain exceptions, the Notes may not be offered or sold within the United States. The Notes are being offered and sold outside the United States of America to non-U.S. persons in reliance on Regulation S under the Securities Act ("Regulation S").

The distribution of this Information Memorandum and the offering or sale of Notes may, in certain jurisdictions, be restricted by law. Neither the Issuer nor the Dealers represent that this Information Memorandum will be distributed in compliance with the law, or that the Notes will be offered in compliance with the law, any relevant registration or any requirement of any competent authority or by virtue of any exemption that would be applicable, and shall not be liable for facilitating such distribution or such offer. In particular, neither the Issuer nor the Dealers have taken any action for the Notes to be offered to the public or the distribution of this Information Memorandum on the territory of a competent authority that would require such an action to be taken. As a result, Notes shall not be offered or sold, directly or indirectly, and neither this Information Memorandum nor any offering document shall be distributed or published on the territory of a competent authority, other than compliance with any relevant laws or regulation of such territory. Persons into whose possession this Information Memorandum comes or that would be interested in subscribing to the Notes are required to inform themselves about and to observe the restriction relating to the distribution of this Information Memorandum and the offer and sale of Notes which are applicable to them. Restrictions on the distribution of this Information Memorandum and the offer and sale of Notes notably exist in the United States of America, the EEA (notably in France) and the United Kingdom.

For a description of the applicable restrictions on offers, sales and transfers of Notes and on distribution of this Information Memorandum, see "Subscription and Sale".

Neither the Notes, the Final Terms or this Information Memorandum have been submitted to the clearance procedures of the French *Autorité de marchés financiers* (the "AMF") or of any other competent authority within the meaning of the Prospectus Regulation.

The Issuer alone is responsible for the information contained in this Information Memorandum. The Issuer represents, after having taken all reasonable measures for such purpose, that, to its knowledge, the information contained or incorporated by reference in this Information Memorandum is accurate and does not contain any omission that is liable to make such information misleading.

Neither the Dealers nor the Issuer make any representation to a prospective investor of Notes on the legality of its investment pursuant to the laws applicable to such prospective investor. Any prospective investor in the Notes must be capable of bearing the economic risk of its investment in the Notes for an undetermined period of time.

NOTICE

The Notes may not be a suitable investment for all investors

Each prospective investor must determine, based on its personal assessment and with the help of any adviser it may find to be appropriate depending on the circumstances, the suitability of an investment in the Notes in light of its own circumstances. In particular, each prospective investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the relevant Notes and the information contained in this Information Memorandum, in any update to this Information Memorandum or in the relevant Final Terms;
- (ii) have access to and know how to use appropriate analytical tools to evaluate, in the context of its own financial position and of its sensitivity to the risk, an investment in the relevant Notes and the impact the relevant Notes may have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the prospective investor's currency;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the operation of any relevant indices and financial markets; and
- (v) be able to assess (either alone or with the help of a financial adviser) possible scenarios for the economy, interest rates or any other factor that may affect its investment and its ability to face the risks incurred.

A prospective investor should not invest in Notes unless it has the expertise (either alone or with the help of its advisers) to assess how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on its overall investment portfolio.

Each prospective investor should consult its own legal, tax, accounting and/or financial advisers before investing in the Notes.

Legal restrictions may limit certain investments

Certain prospective investors are subject to laws and regulations relating to investments, or to examinations or regulation by certain regulatory or supervisory authorities. Such prospective investors must consult their legal advisers to determine if and the extent to which (1) the law authorises them to invest in the Notes, (2) the Notes may be used as a security for other types of borrowings, and (3) if other restrictions relating to the Notes are applicable. Financial institutions must consult their legal advisers or the relevant regulatory authorities to determine the treatment applicable to the Notes with respect to balanced equity ratios depending on risks and other similar rules.

The decision to invest in the Notes should depend on the investor's sole judgment

A prospective investor cannot rely on the Issuer, the Dealers or their respective affiliates (nor on their employees, directors, officers or external advisers) for determining the legality of its investment in the Notes, nor for appreciating the risk factors mentioned in this section. The Issuer, the Dealers and their respective affiliates (as well as their employees, directors, officers and external advisers) are not responsible for a prospective investor's compliance with the legislation and regulations applicable to it when investing in the Notes, whether such laws are those of the jurisdiction in which it is registered or, if different, those of the jurisdiction in which it operates its business, nor are they responsible for such prospective investor's compliance with the laws, regulations or recommendations to which the prospective investor must or should comply.

GOVERNANCE OF MIFID II PRODUCTS/TARGET MARKET – The Final Terms of each series of Notes will contain a section entitled "Governance of MiFID II Products" which will set out the assessment of the Notes' target market, by taking into consideration the five (5) categories referred to in item 19 of the Guidelines published by the European Securities and Markets Authority on 3 August 2023, and appropriate distribution channels. Any person offering, selling or subsequently recommending the Notes (a distributor) must take this assessment of the target market into account; however, any distributor subject to Directive 2014/65/EU (as amended, "MiFID II") is required to conduct their own assessment of the target market of the Notes (by adopting or expanding the assessment made of the target market) and determine the appropriate distribution channels.

For each issue it will be determined if, in the interests of the rules of governance of products under Delegated Directive (EU) 2017/593 (the "Rules of Governance for MiFID Products"), any Dealer subscribing for the Notes must be considered as a manufacturer of the said Notes, failing which neither the Arranger, the Dealers nor any of their respective affiliates will be manufacturers within the meaning of the Rules of Governance for MiFID Products.

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR product governance" which will outline the target market assessment in respect of the Notes, taking into account the appropriate channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Rules") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

SECTION 1: RISK FACTORS

The Issuer believes that the following factors are relevant for Noteholders to decide whether to invest in the Notes and/or may affect the Issuer's ability to fulfil its obligations towards investors under the Notes. These risks are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

The Issuer believes that the risk factors described below represent, as at the date of this Information Memorandum, the principal risks inherent in investing in Notes issued under the Programme. The list of risk factors set out below is not intended to be exhaustive and investors may be affected by other factors. Other risks and uncertainties which, on the date of this Information Memorandum, are not known to the Issuer, or are considered non-relevant, may have a significant impact on the investment in the Notes. Prospective investors should also read the detailed information set out elsewhere in this Information Memorandum and have their own opinion prior to making any investment decision. Investors should in particular conduct their own assessment of the risks relating to the Notes before making such an investment.

The Issuer considers that the Notes shall only be purchased by investors which are (or are advised by) financial institutions or other professional investors who are in a position to assess the specific risks involved by an investment in the Notes.

Any reference thereunder to a Condition refers to a numbered condition in the "Terms and Conditions of the Notes" section.

2.1 Risk factors relating to the Issuer and its activities

It should be recalled at the outset that the Issuer, being a non-profit association governed by the non-profit associations Act of 1 July 1901, exhibits numerous specific features that distinguish it from all other associations governed by that Act of 1 July 1901.

This is because the Issuer was instituted at the initiative of the social partners and its affairs are consistently managed on a joint basis. Its activities of managing the unemployment insurance scheme in France (which is compulsory in the sense that all employers in the private sector are required to include their employees in the scheme pursuant to Article L. 5422-13 of the French Code du Travail) make it the cornerstone of the French unemployment insurance system, conferring upon it a role in society which has no equivalent elsewhere in France.

Its method of governance and its usefulness to society intrinsically link the Issuer to the social partners and the government authorities which organise the unemployment insurance scheme in the public interest. At the date of this Information Memorandum, the predominance of the Issuer as an institution in the public employment service has not been called in question by the national actors in employment policy.

Impact of the macroeconomic environment on the Issuer

The Issuer, as manager of the unemployment insurance scheme, is particularly sensitive to national and international macroeconomic trends. The main factors influencing the Issuer's financial position are the growth rate in the French Gross Domestic Product with its knock-on effects on employment among subscribers to the scheme, the employment policies of the government and of businesses, and the effect of decisions by the social partners on the rules for compensating those seeking work and on contribution rates.

In view of the macroeconomic environment, the Issuer's activity may result in a worsening of its financial position; the fund raising needs being inherent to a negative trend of the context and of the macroeconomic fundamentals.

The scissor effect caused by an increase in number of job seekers (a fall in the number of contributors and an increase in the cost of benefit payments) will negatively impact the Issuer's results; any improvement in the economic situation will result in the opposite scissor effect, contributing to the improvement in the Issuer's financial situation.

The Covid-19 epidemic is an example of the risks relating to the macroeconomic environment which had serious consequences on the Issuer's financial situation in respect of its activity of managing the unemployment insurance system. The impact has been experienced both with respect to the Issuer's revenues (through decreased dynamism in its revenues, or even a decrease in revenues due to a downturn in employment) and expenditures (through a lesser decrease in expenditures or through an increase in such expenditures due to the risk of a slowdown in the return to employment arising from stay-at-home orders).

This crisis, unprecedented in its scope, had significant financial consequences on the system. The Issuer regularly carries out forecasting works as part of its role as manager of the Unemployment Insurance system.

Details about the financial estimates and their evolution are also set out in the "Recent Developments" section below.

Authorisation of the unemployment insurance agreement may be withdrawn for failure to maintain the financial equilibrium of the unemployment insurance scheme or to protect the rights of job seekers

Articles L. 5422-13 *et seq.* of the French *Code du Travail* lay down the principle of the existence of a compulsory unemployment insurance scheme. The measures implementing these rules which were set by the legislator are enacted by way of agreements concluded by the social partners and, for those measures to be binding and applicable, they must be approved by the Prime Minister⁸.

Authorisation may be withdrawn where the stipulations of the agreement or the conditions for its application cease to be in conformity with legal provisions⁹. The legal provisions in question include in particular those providing for the contribution and benefit rates to be calculated so as to guarantee the financial equilibrium of the unemployment insurance scheme¹⁰.

Accordingly, adjustments in the financial situation of the unemployment insurance scheme must be covered by an agreement of all the social partners managing the Issuer, and this agreement is subject to the authorisation of the State. In the event that economic conditions make it impossible to continue ensuring the financial equilibrium of the scheme, the social partners must take all necessary measures to restore that financial equilibrium, particularly by revising the parameters for unemployment compensation (contribution rates, benefit entitlement rules). These decisions are designed to ensure the financial equilibrium of the unemployment insurance scheme during medium-term cycles "accommodating" the economic situation, allowing for the lag between economic developments and their impact on employment.

The Conseil d'Etat took the view that when the Minister with responsibility for Employment regards the financial equilibrium of the unemployment insurance scheme or the protection of the rights of job seekers as not guaranteed by the agreement of the social partners, the State may, by virtue of its powers of appraisal, object in the general interest to the authorisation sought for the unemployment insurance agreement¹¹.

In the absence of that authorisation, or in the event of its withdrawal, the French *Code du Travail* provides for the State, under a management agreement, to confer upon any Private bodies that it chooses the management of the unemployment insurance scheme, including the payment of unemployment benefit and the collection of contributions. However, in the absence of such a management agreement, the management of the unemployment insurance scheme is entrusted to a national public corporation of administrative character [quasi-government]¹².

While a risk therefore exists that the Issuer may have its authorisation withdrawn, so that it no longer has charge of managing the unemployment insurance scheme, undermining the financial equilibrium of the Issuer and, more generally, the French unemployment benefit system, mechanisms exist to forestall such a risk. This is because the Issuer is subject to inspection by the Inspection Générale des Finances [General Finance Inspectorate] and by the Treasury auditors¹³, and is also subject to the supervision of a member of the "*corps du contrôle général économique et financier*" [general economic and financial inspectorate] who attends the meetings of the Issuer's Executive Committee and Board of Directors. Government is thus involved in the management decisions made by the Issuer and may object to them and withdraw its authorisation if it takes the view that the Issuer's management fails to fulfil the statutory obligation to ensure the scheme's financial equilibrium.

It results from these provisions that the continuity of the unemployment insurance scheme in any event, including notably when the measures provided under the agreement that are necessary to guarantee its equilibrium or return to its equilibrium cannot be taken.

Adoption of the unemployment insurance agreement of 15 November 2024

An unemployment benefit agreement was concluded on 15 November 2024 by the social partners. This agreement was approved by Order issued by the Prime Minister dated 19 December 2024, notably pursuant to the provisions of Article L.5422-20 to Article L.5422-23 of the Labour Code, with the exception of certain provisions considered to have no legal basis. The agreement and its annexes establish the implementation measures of the unemployment benefit scheme with effect from 1 January 2025 or 1 April 2025, as the case may be, for a duration of 4 years, namely until 31 December 2028.

This agreement establishes all the unemployment insurance regulation and replaces decree no. 2019-797 of 26

¹Art. L. 5422-21 *Code du Travail*.

⁹ Art. R. 5422-16, paragraph 2, *Code du Travail*.

³Art. L. 5422-12 *Code du Travail*.

⁴Conseil d'Etat, 11 July 2001, req. [application] No. 224586 *et seq.*

⁵Art. L. 5427-7 *Code du Travail*.

⁶Art. L. 5427-6 *Code du Travail*.

July 2019 relating to the unemployment insurance scheme. The approval of this new agreement thus put an end to the “carence regime” introduced by the government in July 2019, which had resulted from the absence of agreement between the social partners on a proposed reform of the unemployment insurance scheme.

Any related decision or regulatory change will lead to an update of this Information Memorandum.

A large proportion of the Issuer's activities is carried out by France Travail (formerly Pôle emploi) and by the Urssaf Caisse nationale (former Agence centrale des organismes de sécurité sociale (Acoss)) on behalf of the Issuer

Under the terms of the agreement between the Issuer and France Travail dated 19 December 2008, of the quadripartite agreement executed between the Issuer, France Travail, the AGS (Association for the management of the unemployment insurance scheme of the employees creditors “*Association pour la gestion du régime d'assurance des créanciers des salaires*”) and Urssaf Caisse nationale on 17 December 2010 and of the quadripartite agreement executed between the Issuer, France Travail, l'AGS and Caisse centrale de mutualité sociale Agricole (CCMSA) on 18 February 2025, France Travail (formerly “*Pôle emploi*”), Urssaf Caisse nationale and CCMSA perform a number of missions on the Issuer's behalf, which actually constitute the Issuer's operational activities. It should be pointed out that France Travail is a public body created on 19 December 2008.

France Travail and Urssaf Caisse nationale (for the majority of employees via the urssaf network) collect the contributions payable under the unemployment insurance scheme and the contributions payable under the scheme for guaranteeing amounts payable to employees, as well as paying unemployment benefit to jobseekers. CCMSA collects the contributions payable under the unemployment insurance scheme and the contributions payable under the scheme for guaranteeing amounts payable to employees by the employers of the agricultural sector.

Accordingly, investors' attention is drawn to the fact that these Issuer's operational activities are performed by third parties which the Issuer's main role consists of prescribing. The Issuer has nevertheless created structures to control such operational risks, enabling it within the framework of negotiated agreements, to carry out the necessary controls to check compliance with the rules it prescribes, with respect to unemployment benefit payments and to the rates and bases of unemployment insurance contributions.

Accounting principles, rules and methods of the Issuer

The annual financial statements of the Issuer (consisting of the balance sheet, income statements and notes) are prepared in accordance with the chart of accounts for the unemployment insurance scheme approved by the Conseil National de la Comptabilité on 9 January 1995 (declaration of conformity no. 79). They take into account the specific aspects of the declarative nature of unemployment insurance. Unemployment insurance is a specific pay-as-you-go scheme.

The Issuer “consolidates” all of the accounts of the unemployment insurance institutions. In a strictly legal sense, “consolidates” equates to a “combination” of accounts in accordance with regulation no. 99-02 of the Conseil National de la Comptabilité. The accounting principles, rules and methods of the Issuer are set out in more detail in its financial report (see section entitled “Documents incorporated by reference”).

The financial assessment of the Issuer by investors must take this specific form of accounting into consideration.

Liquidity risk

The liquidity risk vis-à-vis the Issuer would arise should the latter not have adequate funds to honour its commitments. Subject to the other information set out in this Information Memorandum, liquidity risk is permanently hedged by proactive management of liquidities and access to diversified sources of financing, both in the long term (EMTN programme totalling 60 billion euros) and in the short term (medium-term note programme totalling 10 billion euros and short-term note programme totalling 18 billion euros).

Exchange rate risks

The Issuer maintains a sound policy with respect to the management of exchange rate risk. The Issuer has concluded or will conclude euro currency swap agreements in the case of an issue of Notes in foreign currencies. See the paragraph entitled “Exchange rate and exchange control risks” in the section below entitled “Risk factors relating to the Notes and to the market”.

2.2 Risk factors relating to the Notes and to the market

The following paragraphs describe the principal risks factors that the Issuer believes are material with respect to the Notes in order to assess the risks associated with these Notes. Prospective investors should consult their own financial and legal advisers about risks associated with investments relating to a specific Issue of Notes and the suitability of such investment in light of their particular circumstances.

The debt securities market can be volatile and negatively impacted by many events

The market for debt securities is influenced by economic and market conditions and, to varying degrees, by interest, exchange and inflation rates in other European and industrialized countries. There can be no guarantee that events in France, Europe or elsewhere will not create market volatility or that such volatility will not negatively impact the market value of the Notes or that economic and market conditions will not have some other negative effect.

An active market for the Notes may not develop or continue

There can be no guarantee that an active market for the Notes will develop or, if one does, that it will continue. If an active market for the Notes does not develop or does not continue, the market price and liquidity of the Notes may be negatively affected. As a result, investors might not be able to easily sell their Notes or to sell them at a price that would offer a yield on similar products for which an active market would have developed.

The Issuer has the right to purchase Notes pursuant to the terms defined in Condition 5.10.1(e). Such purchase transactions may affect the course of the price of the Notes, either positively or negatively. The introduction of additional or competing products on the markets could negatively affect the value of the Notes.

The Notes may be redeemed prior to maturity

If at the time of repayment of principal or interest, the Issuer is obligated to pay additional amounts pursuant to Condition 5.10.3(b), it may then, pursuant to Article 5.10.1(d), redeem all the Notes at the Early Redemption Amount together with, unless otherwise specified in the relevant Final Terms, any interest accrued to the date established for redemption. The terms and conditions of redemption for tax reasons are specified in Article 5.10.1(d) (ii) and in Article 5.10.3 (b).

Any early redemption option for the benefit of the Issuer, provided in the Final Terms for a given Issue of Notes may result, for the Noteholders, in a yield that is considerably lower than anticipated.

The Final Terms for a given Issue may provide an early redemption option for the benefit of the Issuer. As a result, the yield at the time of redemption may be lower than anticipated by Noteholders and the value of the amount of the Notes redeemed may be lower than the Noteholder's purchase price. As a result, part of the Noteholders' capital invested could be lost which means Noteholders might not receive the full amount of the capital invested if they had paid a purchase price greater than par. Furthermore, in case of early redemption, Noteholders who choose to reinvest the funds they receive might only be able to reinvest in financial instruments with yields below those of the redeemed Notes.

Early partial redemption by the Issuer or Noteholders may affect the liquidity of the Notes of a given issue for which the option has not been exercised.

Risks related to fluctuation in interest rates and inflation

It cannot be guaranteed that the market value of Fixed Rate Notes will not be adversely affected by future fluctuations on the interest rate market or by inflation.

Exchange rate and exchange control risks

The Issuer will pay principal and interest on the Notes in the currency specified in the relevant Final Terms (the "**Specified Currency**"). This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These risks notably consist in exchange rates significantly changing (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and in authorities with jurisdiction over the Investor's Currency imposing or modifying exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes in the Investor's Currency, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

The government and monetary authorities having jurisdiction on the Specified Currency or the Investor's Currency may impose (as some have done in the past) exchange control measures that could adversely affect exchange rates. As a result, investors may receive lower interest or principal amounts than anticipated, or even no interest or principal at all.

Credit risk of the Issuer

Potential investors are exposed to the credit risk of the issuer. Credit risk shall be taken to mean the risk of the Issuer being unable to meet its financial obligations under the Notes, giving rise to a partial or full loss by the investor. However, such risks should be viewed within the context of the status of the Issuer.

Risk relating to credit ratings

Independent credit rating agencies may assign credit ratings to the Notes issued under the Programme in addition to the credit ratings that may be assigned to the Issuer itself. Such ratings do not necessarily reflect the potential impact of the risk factors described in this section, and other risk factors that may affect the value of the Notes issued under the Programme. A credit rating does not constitute a recommendation to buy, sell or hold Notes and may be revised, suspended, modified or withdrawn by the rating agency at any time.

Tax matters

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes.

Potential investors are advised to not rely upon the tax overview contained in this Information Memorandum and/or in the Final Terms but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, remuneration, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor.

Change in legislation

The Terms and Conditions of the Notes are governed by French law as at the date of this Information Memorandum. No representation is made as to the impact of a judicial or administrative court decision or a change in French laws or regulations (or the manner in which they are construed by competent authorities) as of any later date.

Risks relating to green bonds

The net proceeds of each issue of Notes will be allocated by the Issuer to the financing or refinancing, in whole or in part, of eligible social expenditures as specified in the relevant Final Terms in accordance with the social bond framework governing the issuance of Unédic's social bonds or green bonds (as modified from time to time) (the "**Social Bond Framework**") published in a dedicated section of the Issuer's website in accordance with the Social Bond Principles published by the International Capital Markets Association ("**ICMA**"). In addition to eligibility criteria, the above-mentioned Social Bond Framework describes the proceeds management arrangements, reporting and external review arrangements (notably the issuance of a Second Party Opinion and external verification) applicable to the Issuer's social bond issuances. More information, notably on the use of the net proceeds from the issuance, will be provided in the relevant Final Terms.

Potential investors must take into account the information set out in the relevant Final Terms as regards the use of the proceeds of each issuance of Notes and must determine themselves whether the information is relevant to an investment in the Notes and whether it is necessary to conduct any investigation they deem necessary. Neither the Issuer nor the Dealers warrant that the use of the proceeds to finance one or more eligible projects will respond, in whole or in part, to the expectations or current or future requirements of investors resulting from investment criteria or directives with which such investors are required to comply, whether under current or future applicable law or regulations, any other applicable rule or any portfolio management mandate. Neither the Issuer nor the Dealers warrant that the project(s) in question will have the expected social impact, whether directly or indirectly. In addition, it should be noted that there currently is no definition (legal, regulatory or otherwise) of, nor market consensus with respect to what constitutes a "social" project or any other project carrying an equivalent label. Finally, the requirements under such a label may change and, consequently, investors may not be guaranteed that a project or the use or the various uses made of such a project or that relate to such project will respond to their expectations regarding "social" objectives or any other objective bearing an equivalent label.

No undertaking or representation is given with respect to the relevance or the reliability, for any purpose whatsoever, of an expert opinion, a second party opinion or an extra-financial rating of the Notes (whether solicited by the Issuer or otherwise) which may be delivered in the framework of an issuance of the Notes to satisfy social or other objectives. As of the date hereof, the authors of such opinions, certificates and ratings are not subject to any regulatory regime or other type or regime or any particular supervision. Such opinions, certificates or ratings do not constitute, and must not be considered as being, a recommendation by the Issuer or any other person to subscribe for, purchase, sell or hold the Notes.

Although the Issuer intends to allocate the proceeds from each issuance of Notes to one or more determined projects as described in the relevant Final Terms, nothing guarantees that the relevant project or the use or uses of such proceeds or that relate to such proceeds may actually be carried out in such way and/or according to a defined timeline, and that, consequently, such proceeds will be totally or partially disbursed for such project. In addition, nothing guarantees that such project will be completed or realised within a given period or that it will

be completed or realised in accordance with the results originally expected or anticipated by the Issuer. Such an event or default by the Issuer will not constitute an Early Redemption Event.

Such an event or failure to allocate the proceeds from an issuance of Notes to an above-mentioned project, the withdrawal of an opinion, certificate or rating, or the delivery of any opinion or certificate by which it is determined that the Issuer does not comply with the subject matter of such opinion or certificate could have a material adverse effect on the value and marketability of the Notes or lead to unfavourable consequences for certain portfolio managers which have received an order to invest in securities that have a specific purpose. For all practical purposes, however, it is specified that payments of principal and interest due under the Notes must not depend on the effectiveness of the relevant project.

No Dealer warrants that the Notes meet any social or sustainability criteria required by potential investors or contemplated by the Social Bond Principles or the guidelines that apply to social bonds published by the ICMA. The Dealers have neither the mission nor the responsibility of evaluating the eligibility criteria, verifying that the Notes comply with the ICMA's eligibility criteria, principles or guidelines or monitoring the use made of the proceeds of the issuance. In this regard, investors are invited to consult the Issuer's website or to consult their own advisor.

SECTION 2: GENERAL DESCRIPTION OF THE PROGRAMME	
<i>Unless stated otherwise, the Notes shall be issued in accordance with the “Terms and Conditions of the Notes” set out in Section 5, as supplemented by the relevant Final Terms agreed by the Issuer and the Dealer(s) in question. Arranger	Not applicable
Domiciliary Agent(s)	BNP Paribas
Fiscal Agent and Principal Paying Agent	BNP Paribas
Dealers	The programme does not lead to any permanent appointment of dealers. The Issuer reserves the right to nominate dealers on an ad hoc basis for one or more Issues. All references in this Information Memorandum to “Dealers” shall mean any person designated as a dealer for one or more Issues. The Dealers may be appointed from among, in particular: BNP Paribas, Banco Santander S.A, Crédit Agricole CIB, Société Générale, Banque Fédérative du Crédit Mutuel, BRED Banque Populaire, Crédit Industriel et Commercial S.A., Natixis, Marex SA, TP ICAP (Europe) SA, NatWest Markets N.V., Bank of America Europe DAC, Barclays Bank Ireland PLC, Citigroup Global Markets Europe AG, Commerzbank, Nomura Financial Products Europe GmbH.
Method of issue	The Notes are issued on a syndicated or non-syndicated basis (each, an “Issue”), which Issues may not give rise to an Issue of successive tranches that are equivalent to the initial Issue. The specific terms of an Issue will be determined by the Issuer and the relevant Dealer(s) at the time of such Issue and will be set out in the relevant Final Terms supplementing this Information Memorandum.
Form of the Notes	The Notes will be issued in dematerialised bearer form (<i>au porteur</i>). No physical document evidencing title to the Notes will be issued in respect of the Notes.

Issue price	The Notes may be issued at par, below par or with an initial premium, as specified in the relevant Final Terms.
Maturities	The maturity of the Notes shall be set in accordance with French laws and regulations, which, as of the date hereof, means that the term of Notes Issues must exceed one year (365 days or 366 days in leap years).
Currencies	The Notes may be issued in euros or any other currency authorised by French regulations applicable at the time of the Issue in accordance with article D. 213-6 of the French Monetary and Financial Code.
Nominal value	The Notes shall have the nominal value specified in the relevant Final Terms, it being understood that there may only be one nominal value per Issue. Notes admitted to trading on a Regulated Market shall have a per unit nominal value of at least 150,000 euros (or the equivalent in another currency) or of any higher amount that may be authorised or required by the relevant monetary authority or by any applicable law or regulation.
Rank of the Notes	Notes will constitute direct, unconditional, unsecured and unsubordinated obligations of the Issuer and will rank <i>pari passu</i> and without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsecured debts and guarantees of the Issuer.
Redemption amount	Subject to any applicable laws, regulations and directives, the relevant Final Terms will specify the basis for calculating the redemption amounts payable.
Optional redemption	The relevant Final Terms will state whether the Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and, if so, the terms applicable to such redemption.
Early redemption	Except as provided for in the paragraph entitled "Optional Redemption" above, Notes will only be redeemable at the option of the Issuer prior to their stated maturity in instances provided for in Condition 5.10.1 of the Terms and Conditions of the Notes, "Maturity: redemption, purchase and options".
Fixed interest rate	Interest on the Notes is fixed and payable in arrears on the date or dates specified in the relevant Final Terms.
Governing law	The Terms and Conditions of the Notes shall be governed by French law.
Clearing systems	Euroclear France, acting as central depository, and/or any other clearing system that may be agreed upon by the Issuer, the Fiscal Agent and the relevant Dealer.
Admission to trading	On Euronext Paris and/or any other regulated market or on any non-regulated market as specified in the relevant Final

	Terms. The relevant Final Terms may specify that an Issue of Notes will not be admitted to trading on any market.
Rating	The Issuer has been rated Aa3 (negative outlook) by Moody's France S.A.S. since 29 October 2025, A+ (stable outlook) by Standard and Poor's Global Ratings Europe Limited since 17 October 2025 and AA- (negative outlook) by Scope Ratings GmbH since 3 October 2025. The relevant Final Terms will specify (i) the rating of the Notes, if any (which will not necessarily be the same as the one assigned to the Issuer), and (ii), as applicable, whether or not such rating is issued by a rating agency established in the European Union and registered under ANC Regulations Or established in the United-Kingdom in accordance with ANC Regulations in the United-Kingdom. A rating does not constitute a recommendation to buy, sell or hold Notes and may be subject to suspension, change or withdrawal at any time by the relevant rating agency.
Selling restrictions	There are restrictions on the offer, sale or transfer of Notes and on the distribution of offering material in various jurisdictions, as more fully described in "Subscription and Sale". Regarding the offering and sale of Notes in the framework of a specific Issue, additional selling restrictions may be specified in an update to this Information Memorandum.
Date Financial Documentation filed with Banque de France	The Issue of the Notes by the Issuer was authorised by a decision of the Issuer's Board of Directors dated 30 June 2026. The Notes are to be issued in the framework of a Negotiable Medium Term Note programme in the amount of 10 billion euros. The Financial Documentation relating to this programme was filed with Banque de France on 6 July 2026 pursuant to articles L.213-0-1 A to L.213-4 of the French Monetary and Financial Code.
Updating of the Financial Documentation by amendment	Not applicable.

SECTION 3: DOCUMENTS INCORPORATED BY REFERENCE

This Information Memorandum must be read and interpreted in conjunction with the following documents, which are incorporated by reference into this Information Document and are deemed to form a part thereof:

SECTION 4: UPDATE OF THE INFORMATION MEMORANDUM

In connection with Notes admitted to trading on a Regulated Market, any significant new factor or any mistake or inaccuracy relating to information included in this Information Memorandum, which could have a significant influence on the assessment of the Notes and occurs or is observed after the date of this Information Memorandum and before the beginning of the trading of the Notes on such regulated market will be the subject of an update to the Information Memorandum.

Any update of this Information Memorandum will be published on the Issuer's website (www.unedic.org) and will be available for review, without charge, during normal business hours any weekday (Saturdays, Sundays and public holidays excepted) at the registered office of the Domiciliary Agent, where copies may be obtained.

SECTION 5: TERMS AND CONDITIONS OF THE NOTES

The following presents the Programme and the basic terms and conditions of the Notes that, subject to later completion or amendment and as supplemented by the provisions of the relevant Final Terms, shall be applicable to the Notes (the **"Terms and Conditions"**). References below to **"Conditions"** are, unless the context requires otherwise, to the numbered paragraphs below. References in the Terms and Conditions to **"Notes"** are to the Notes of one Issue only, not to all Notes that may be issued under the Programme.

The Notes are issued by Unédic (the **"Issuer"** or **"Unédic"**) in the framework of syndicated or non-syndicated issues (each an **"Issue"**) with different issue dates. The specific terms of each Issue (including the aggregate nominal amount, issue price, redemption price, and interest payable) will be determined by the Issuer and the relevant Dealer(s) and will be specified in the final terms of the relevant Issue (the **"Final Terms"**).

A domiciliary agency agreement dated 2 June 2015 (as may be amended) relating to the Notes Programme was entered into between the Issuer and BNP Paribas as domiciliary agent (the **"Domiciliary Agent"**) responsible for payment (and calculation, as applicable) of all of the amounts due under the Notes. The fiscal agent, the paying agent and the calculation agent (if any) are referred to below respectively as the **"Fiscal Agent"**, the **"Paying Agent"** (which expression shall include the Fiscal Agent) and/or the **"Calculation Agent"**.

For the purposes of these Terms and Conditions, **"Regulated Market"** means any regulated market located in a member state of the European Economic Area (**"EEA"**), as defined in the Directive 2014/65 as amended (**"MiFID II"**). **"Noteholders"** means holders of the Notes.

5.1	Programme name
------------	-----------------------

Unédic – Negotiable Medium Term Note Programme

5.2	Programme type
------------	-----------------------

Negotiable Medium Term Notes

5.3	Issuer name
------------	--------------------

Unédic

5.4	Issuer type
------------	--------------------

Non-profit organisation (*association loi 1901*)

5.5	Purpose of Programme
------------	-----------------------------

See Section 6 (Use of Proceeds)

5.6	Maximum Programme amount
------------	---------------------------------

The maximum outstanding amount of the Issuer's Programme is 10,000,000,000 euros (or the foreign currency equivalent of such amount) in accordance with the decision of Unédic's Board of Directors dated 30 June 2026.

5.7	Form of securities
------------	---------------------------

The Negotiable Medium Term Notes are negotiable debt securities within the meaning of article L. 213-1 of the French Monetary and Financial Code and constitute financial instruments within the meaning of article L. 211-1 of such code. The Notes will be issued in dematerialised bearer form. No physical document evidencing title to the Notes (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Notes.

The Notes will be recorded in the books of Euroclear France, which will be responsible for clearing between Account Holders.

"Account Holder" means any intermediary institution entitled to hold securities accounts, directly or indirectly, with Euroclear France (66 rue de la Victoire, 75009 Paris), and includes Euroclear Bank S.A./N.V. (1

boulevard du Roi Albert II, 1210 Brussels, Belgium ("**Euroclear**") and Clearstream Banking, *société anonyme* (42 avenue JF Kennedy, 1855 Luxembourg, Grand-Duchy of Luxembourg) ("**Clearstream, Luxembourg**").

5.8 Remuneration

The Notes are issued at a fixed rate, which rate shall be specified in the relevant Final Terms (the "**Interest Rate**").

The Issuer may not issue Notes (NEU MTN) with principal payments that may potentially be variable.

In the case of an issue with an early redemption or repurchase option, the terms of remuneration of the Notes (NEU MTN) will be fixed at the time of the initial issue and may not be modified at a later date, in particular at the time of redemption.

The rate of the Notes (NEU MTN) may be negative depending on the fixed rates or the evolution of the usual monetary market indices applicable to the calculation of the remuneration. In this case, the amounts actually repaid to the holders of the Notes (NEU MTN) after offsetting the negative interest flows may be less than par.

5.8.1 Interest on the Fixed Rate Notes

Each Fixed Rate Note shall bear interest calculated on the basis of the Note's outstanding nominal amount commencing on the Interest Commencement Date at an annual rate (expressed as a percentage) equal to the Interest Rate, which interest shall be payable in arrears (unless otherwise provided in the relevant Final Terms) on any Interest Payment Date.

If a fixed coupon amount ("**Fixed Coupon Amount**") or a broken coupon amount ("**Broken Coupon Amount**") (a "**Coupon Amount**", as appropriate) is specified in the relevant Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Coupon Amount so specified and in the case of the Broken Coupon Amount will be payable on the particular Interest Payment Date(s) specified in the relevant Final Terms.

5.8.2 Interest accrual

Interest shall cease to accrue on each Note on the due date for redemption, unless on such due date payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before a potential court decision) at the Interest Rate in the manner provided in this Condition to the Relevant Date.

5.8.3 Minimum/maximum redemption amounts and rounding

(i) Maximum/Minimum Redemption Amounts

If a Maximum or Minimum Redemption Amount is specified in the relevant Final Terms, such Redemption Amount shall be subject to such maximum or minimum, as the case may be.

(ii) Rounding

For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (a) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest fifth decimal (with halves being rounded up), (b) all figures shall be rounded to seven figures (with halves being rounded up) and (c) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes, "**unit**" means the lowest amount of such currency that is available as legal tender in the country of such currency.

5.8.4 Calculations

The amount of interest in respect of any Note for any period shall be calculated by multiplying the product of the Interest Rate and the outstanding nominal amount of each Note by the Day Count Fraction, unless a Coupon Amount (or a formula for its calculation) is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Coupon Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest

Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

5.8.5	Determination and publication of Coupon Amounts, Final Redemption Amounts, Early Redemption Amounts and Optional Redemption Amounts
--------------	--

As soon as possible on the date on which the Issuer and/or the Calculation Agent or the Fiscal Agent (as the case may be) may be required to calculate any amount or carry out calculations, it shall calculate the Coupon Amounts in respect of each Nominal Value of the Notes for the relevant Interest Accrual Period. It shall also calculate the Final Redemption Amount, the Early Redemption Amount and the Optional Redemption Amount or make the determination or conduct the calculation that may be necessary. It will then give notice of the Coupon Amounts for each Interest Period and the relevant Interest Payment Date and, as necessary, the Final Redemption Amount, the Early Redemption Amount and the Optional Redemption Amount to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders in accordance with Condition 5.26.2 and any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information. If the Notes are admitted to trading on a Regulated Market and the rules of such Regulated Market so require, it shall provide such information to such Regulated Market and/or the Noteholders as soon as possible after such information has been determined. The determination of each amount and each determination and calculation made thereby shall (in the absence of manifest error) be final.

5.8.6	Calculation Agent
--------------	--------------------------

The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the relevant Terms and Conditions and for so long as any Note is outstanding. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent cannot calculate the Coupon Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office, as appropriate, or any other office actively involved in such market) to act as such in its place.

5.9	Issue currencies
------------	-------------------------

Euro or any other currency authorised by French regulations applicable at the time of the Issue, in accordance with article D. 213-6 of the French Monetary and Financial Code.

5.10	Maturity – Payment – Tax
-------------	---------------------------------

5.10.1	Maturity: redemption, purchase and options
---------------	---

The maturity of the Notes shall be determined in accordance with French law and regulations, which, at the date hereof, means that the term of the Note Issues must exceed one year (365 days or 366 days in leap years).

(a) Redemption at maturity

Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount).

(b) Redemption at the option of the Issuer and Partial Redemption

If a Call Option at the option of the Issuer is specified in the relevant Final Terms, the Issuer may, subject to compliance with all relevant laws, regulations and directives and on giving to the Noteholders not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 5.26.2 (or such other notice period as may be specified in the relevant Terms and Conditions) redeem all or, as applicable, some of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption, if any, in accordance with the relevant Final Terms. Any partial redemption or exercise will relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed as specified in the relevant Final

Terms and no greater than the Maximum Redemption Amount to be redeemed as specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the event the Issuer exercises a Redemption Option in part or in full, the Issuer may decide to carry out the redemption by reducing the nominal amount of the Notes from a single Issue in proportion to the nominal amount redeemed.

(c) Early redemption

The Early Redemption Amount payable in respect of any Note, upon redemption of such Note pursuant to Condition 5.10.1(d), shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption unless otherwise specified in the relevant Final Terms.

(d) Redemption for taxation reasons

(i) If, by reason of any change in French law or regulation, or any change in the official application or interpretation of such law or regulation by French competent authorities, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Condition 5.10.3(b) below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than sixty (60) nor less than thirty (30) days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 5.26.2, redeem all, but not some only, of the Notes at their Early Redemption Amount together with, unless otherwise specified in the relevant Final Terms, any interest accrued to the date set for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for French taxes.

(ii) If the Issuer would, on the next payment of principal or interest in respect of the Notes, be prevented by French law from making payment to the Noteholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 5.10.3(b) below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent. The Issuer shall upon giving not less than seven (7) days' prior notice to the Noteholders in accordance with Condition 5.26.2, redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount together with, unless otherwise specified in the Final Terms, any interest accrued to the date set for redemption on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date, the date for redemption pursuant to such notice of Noteholders be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) fourteen (14) days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes or, if that date is passed, as soon as practicable thereafter.

(e) Purchases

The Issuer shall have the right at all times to purchase Notes in the open market or otherwise (including by tender offer) at any price, subject to the applicable laws and regulations.

All the Notes purchased by or on behalf of the Issuer may at its sole option, be held and resold in accordance with applicable laws and regulations for the purpose of enhancing the liquidity of the Notes, or cancelled in accordance with Condition 5.10.1(f), unless otherwise specified in the relevant Final Terms.

(f) Cancellation

The Notes purchased by the Issuer for cancellation will be cancelled by transfer to an account in accordance with the rules and procedures of Euroclear France. If so transferred or surrendered, the relevant Notes shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all rights relating to payment of interest and other amounts relating to such Notes). Any Notes so cancelled or, where applicable, transferred and surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

5.10.2	Payments
<i>a) <u>Method of Payment</u></i> Any payment of principal and interest in respect of Notes shall be made by transfer to the account denominated in the Specified Currency of the relevant Account Holders for the benefit of the Noteholders. All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments. <i>(b) <u>Payments subject to applicable laws</u></i> All payments are subject to any applicable fiscal or other laws, regulations and directives but without prejudice to Condition 5.10.3 No commission or expenses shall be charged to the Noteholders in respect of such payments. <i>(c) <u>Appointment of Agents</u></i> The Fiscal Agent and the Paying Agent act solely as agents of the Issuer (and the appointed Calculation Agent (if any) acts as an independent expert) and, under no circumstances shall act as agents of any Noteholder (unless otherwise specified). The Issuer may at any time vary or terminate the appointment of the Fiscal Agent, any Paying Agent, any Calculation Agent and appoint other Fiscal Agent(s), Paying Agent(s), Calculation Agents(s) or Registration Agent(s) or additional Paying Agent(s), Calculation Agents(s) or Registration Agent(s), provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) a Paying Agent having specified office in one major European city (this city being Paris so long as the Notes are admitted to trading on Euronext Paris and that the rules applicable to that Regulated Market so require), (iii) one or more Calculation Agents if required by the Conditions, and (iv) any other agent as may be required by the rules of any other Regulated Market on which the Notes may be admitted to trading. Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 5.26.2. <i>(d) <u>Business Days for payment</u></i> If any date for payment in respect of any Note or Coupon is not a Business Day, the Noteholder shall not be entitled to payment until the next following Business Day unless otherwise specified in the relevant Final Terms, nor to any interest or other sum in respect of such postponed payment.	
5.10.3	Taxation
<i>(a) <u>Withholding tax</u></i> All payments of principal, interest and other revenues related to the Notes by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. <i>(b) <u>Additional amounts</u></i> If French law should require that payments of principal or interest in respect of any Note be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note in the event that the Noteholder or a third party on behalf of a Noteholder who is liable to such taxes or duties by reason of his having some connection with the Republic of France other than the mere holding of the Notes. References in these Conditions to (a) "principal" shall be deemed to include any premium payable in respect of the Notes, all Early Redemption Amounts, Optional Redemption Amounts and all other amounts in the nature of principal payable pursuant to Condition 5.10.1 or any amendment or supplement to it, and (b) "interest" shall be deemed to include all Coupon Amounts and all other amounts payable pursuant to Condition 5.8 or any amendment or supplement to it.	

5.11	Minimum unit amount of the Issues
The unit amount, which shall be determined at the time of each Issue, shall be equal to at least 1,000,000 euros or the equivalent of such amount.	
5.12	Minimum denomination of the Notes
The Notes from a same Issue shall have the nominal value specified in the relevant Final Terms (the “ Nominal Value ”); provided, however, that there may only be one Nominal Value per Issue. The Notes admitted for trading on a Regulated Market shall have a unitary nominal value of more than or equal to 150,000 euros (or the equivalent of such amount in another currency) or any other larger amount which may be authorised or required by any relevant competent authority or any law or regulation applicable to the Specified Currency.	
5.13	Ranking
The Notes will constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer, ranking <i>pari passu</i> among themselves and (subject to mandatory legal exceptions under French law) <i>pari passu</i> with all other present or future unsecured debts and guarantees of the Issuer.	
5.14	Applicable law
The Notes are issued under French law and are subject to the provisions of articles L. 213-1 to L. 213-4 and D. 213-1 to D.213-4 of the French Monetary and Financial Code. Any dispute which may arise in connection with the Notes issued under this Programme shall be interpreted in accordance with French law and must be brought before the competent courts located in Paris.	
5.15	Admission of the Notes on a Regulated Market
Unédic may issue the Notes (i) listed on Euronext Paris and/or on any other Regulated Market or on any non-regulated market specified in the Final Terms, (ii) or not listed. 5.26.1	Prescription
Claims against the Issuer for payment of any amount payable with respect to the Notes shall be time barred within ten (10) years (in the case of principal) or five (5) years (in the case of interest) as from their due date.	
5.26.2	Notices
(a) Notices to the holders of Notes in bearer form (<i>au porteur</i>) shall be valid if published (i) in a leading economic and financial daily newspaper of general circulation in Europe (which is expected to be the <i>Financial Times</i>) and (ii) so long as such Notes are admitted to trading on a Regulated Market and that the rules applicable to such Regulated Market so require, in a leading economic and financial daily newspaper with general circulation in the city/ies where such Notes are admitted to trading, which in the case of Euronext Paris, shall be, <i>Les Echos</i>, and by any other means required, as the case may be, by the rules applicable to such Regulated Market. If any such publication is not practicable, notice shall be validly given if published in another leading economic and financial daily newspaper with general circulation in Europe. Any notice given to the Noteholders by publication shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above. (b) Notices required to be given to the Noteholders pursuant to these Terms and Conditions may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream, Luxembourg and any other clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication as required by Conditions 5.25.2(a) and (b) above; provided that so long as such Notes are admitted to trading on any Regulated Market(s) and the rules applicable to that Regulated Market so require, notices shall also be published in a leading economic and financial daily newspaper with general circulation in the city/ies where such Notes are admitted to trading, which in the case of Euronext Paris, shall be, <i>Les Echos</i>, and by any other means required, as the case may be, by the rules applicable to such Regulated Market.	
5.26.3	Definitions
"Issue Date" means for a given Issue the settlement date of the Notes issued in the context of such Issue. "Interest Commencement Date" means the Issue Date or any other date that may be specified in the relevant Final Terms. "Interest Determination Date" means, with respect to an Interest Rate and an Interest Accrual Period, the date defined as such in the relevant Final Terms or, if no such date is specified, (i) the day that is two (2) TARGET Business Days before the first (1st) day of such Interest Accrual Period if the Specified Currency is the Euro, or (ii) the first (1st) day of such Interest Accrual Period if the Specified Currency is the Pound, or (iii) if the Specified Currency is neither the Pound nor the Euro, the day that is two (2) Business Days before - in the city specified in the relevant Final Terms - the first (1st) day of such Interest Accrual Period. "Interest Payment Date" means the date(s) specified in the relevant Final Terms. "Interest Accrual Period Date" means each Interest Payment Date, unless otherwise specified in the relevant Final Terms.	

"Reference Date" means, in respect of any Note, the date on which the payment under such Notes becomes due or (in the case that any amount due is not paid without justification or is subject to an unjustified late payment), the date on which the amount that was not yet paid is fully paid.

"Specified Currency" means the currency referred to in the relevant Final Terms.

"Business Day" means:

- in the case of the Euro, a day (other than a Saturday or Sunday) on which the Trans European Automated Real Time Gross Settlement Express Transfer (TARGET 2) (the **"TARGET System"**) or any successor thereto is operating (a **"TARGET Business Day"**),
- in the case of a Specified Currency other than the Euro, a day (other than a Saturday or Sunday) on which retail banks and foreign exchange systems carry out settlements in such currency's principal business center.

"Day Count Fraction" means, in respect of the calculation of a Coupon Amount on any Note for any period of time (from and including the first day of such period to but excluding the last day of such period) (whether or not constituting an Interest Period, hereinafter, the **"Calculation Period"**), the **"Actual/Actual-ICMA"** method. In such a case,

- (A) if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any calendar year; and
- (B) if the Calculation Period is longer than the Determination Period, the sum of:
 - (x) the number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any calendar year; and
 - (y) the number of days in such Calculation Period falling in the next Determination Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any calendar year,

where, in each case, **"Determination Period"** means the period from and including an Interest Determination Date in any calendar year to but excluding the next Interest Determination Date, and **"Interest Determination Date"** means the date specified as such in the relevant Final Terms or, if none is so specified, the Interest Payment Date.

"Interest Period" means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date.

"Interest Accrual Period" means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Accrual Period Date and each successive period beginning on (and including) an Interest Accrual Period Date and ending on (but excluding) the next succeeding Interest Period Date.

SECTION 6: USE OF PROCEEDS

The net proceeds of the issue of Notes will be used to support the financing needs of the Issuer (as specified, as the case may be, in the relevant Final Terms), which is in charge of ensuring the performance of the unemployment insurance scheme in favour of employees, companies and the unemployed, by making sure that the operators shall apply the rules and provisions adopted by the social partners, within a perspective of a socially responsible management of the unemployment insurance scheme. The issuer's activity is further described in section "Description of the Issuer" below.

If with respect to a specific issuance of Notes a specific use of proceeds has been identified, such use shall be indicated in the relevant Final Terms.

The Notes may be qualified as "Green Bonds" or "Social Bonds", as indicated in the relevant Final Terms in accordance with a framework document relating to Unedic's social bonds (as may be amended from time to time) (the "**Social Bond Framework**") which is available in a dedicated area on Unedic's website, in accordance with the principles applicable to the social bonds (the Social Bond Principles published by the International Capital Markets Association).

As regards the social bonds and as described in the relevant Final Terms, the net proceeds from the issuance of the Notes will be allocated by the Issuer to the financing or refinancing of some or all of the eligible social expenditures, as described in the relevant Final Terms with reference to the Social Bond Framework.

The above-mentioned Social Bond Framework describes the management of proceeds, reporting and external reviews (and in particular the issuance of a "Second Party Opinion") and external verification) arrangements applicable to the Issuer's social bond issuances, in addition to the eligibility criteria.

The Issuer mandated ISS Corporate for the issuance of a "Second Party Opinion" on the Sustainability Quality of the Issuer and Social Bond Programme, assessing among other things the compliance of the Social Bond Framework with the Social Bond Principles. This Second Party Opinion, and any other opinion or certification provided in connection with the issuance of Notes according to the Social Bond Framework is available on the dedicated section of the website of the Issuer.

The Final Terms relating to the social bonds will provide the relevant information, such as the references to the applicable social bond framework (defining, among other things, the selection criteria for eligible social expenditures) under which such Notes are issued. The Final Terms may refer investors to the relevant section of the Issuer's website for more information.

SECTION 7: DESCRIPTION OF THE ISSUER	
7.1	Name
Unédic	
7.2	Legal form, legislation applicable to the Issuer and jurisdiction
7.2.1	Legal form
The Issuer is a private-law, non-profit association formed under the non-profit association Act of 1 July 1901.	
7.2.2	Applicable legislation
<u>Legislation governing the Issuer's activities</u> The Issuer is governed by French law and in particular by the provisions of the non-profit associations Act of 1 July 1901 and by the provisions of the French <i>Code du Travail</i> and of the aforementioned national agreements concerning the unemployment-insurance institutions and the unemployment insurance scheme which apply to all employers in the private sector. The Issuer implements the provisions of relevance to unemployment insurance. - Agreements concerning the unemployment insurance institutions The agreement of 31 December 1958 was succeeded by the agreement of 24 February 1984, then by that of 22 March 2001 relating to institutions concluded for an indefinite term, both maintaining the institutions created in 1958. The agreement of 22 March 2001 currently governs the Issuer's internal operation, supplementing its articles of association. - The unemployment insurance agreements Since 1984, the social partners have concluded unemployment insurance agreements for fixed terms to take account in particular the financial position of the unemployment insurance scheme. These agreements are then approved by the national authorities competent in employment matters to make those agreements binding upon all employers and employees in the private sector. The Issuer is tasked with the responsibility of implementing these unemployment insurance agreements. The unemployment insurance agreement dated 15 November 2024, which replaces the decree no. 2019-797 of 26 July 2019 on the unemployment insurance scheme, was approved by Order issued by the Prime Minister dated 19 December 2024, notably in application of the provisions of Article L.5422-20 to Article L.5422-23 of the Labour Code. The agreement and the appended texts establish the implementation measures of the unemployment benefit scheme with effect from 1 January 2025 (or 1 April 2025, as the case may be) for a period of 4 years, until 31 December 2028. The changes made by the agreement of 15 November 2024, which apply to jobseekers whose employment contract came to an end or after 1 April 2025 and to those whose lay-off procedure has been initiated on or after that date, concern in particular: - The minimum requirement of 6 months' work in the last 24 months to qualify for compensation has been lowered to 5 months for seasonal workers; - The age conditions for application of the specific provisions for senior beneficiaries have been postponed by 2 years to bring them into line with the pension reform: - o The periods of work taken into account to determine the unemployment benefit are sought in the last 36 months preceding the end of the employment contract for employees aged 55 and over on the date of the end of their employment contract (instead of 53 before the approval of the new unemployment insurance agreement); - o The maximum compensation periods are: - 22.5 months (685 days) for recipients aged 55 and 56 on the date of the end of their employment contract (instead of 53 and 54); - 27 months (822 days) for recipients aged 57 and over at the date of termination of the employment contract (instead of 55 and over);	

- The increase in the age at which allowance continues to be paid until retirement at the full rate will be at the same rate as the increase in the statutory retirement age, gradually reaching 64 (instead of 62);
- The possibility of extending the duration of benefit, up to a maximum of 137 days, in the event of taking a training course during the benefit period, previously reserved for recipients aged 53 and 54, will apply to all recipients aged 55 and over on the date on which their employment contract ends.
- The age at which the degressive nature of the back-to-work allowance (ARE) does not apply (based on a coefficient equal to 0.7 from the 183rd day of benefit) has been reduced to 55 at the date of termination of the employment contract (instead of 57);
- The number of days not worked taken into account for the calculation of the duration of compensation (as part of the calculation of the daily reference salary) may not exceed 70% of the number of days worked (instead of 75%); the duration of compensation corresponds to the number of days worked and not worked between the first day of the first employment contract and the last day of the last employment contract identified during the last 24 or 36 months (depending on the case) and it is to this duration that the coefficient now set at 0.70 is applied;
- The system of compensation for taking over or starting a business (ARCE) is now defined as follows:
 - Cumulation of ARE with income from the self-employed activity created/taken over is now capped at 60% of the remaining ARE rights on the date the business is created/taken over (previously, there was no cap on cumulation); the remaining rights (40%) could, however, be paid back, subject to cessation of the activity created or taken over, which gave rise to the benefit of cumulative application;
 - The second payment of the ARCE is now conditional on the absence of full-time activity on an open-ended contract (whereas previously, the second payment of the ARCE was conditional on the exercise of the activity created or taken over), with the possibility of recovering the remaining rights (up to 40%), subject to the cessation of the activity created or taken over that gave rise to the payment of the ARCE;
- The monthly payment of ARE is now made on the basis of 30 calendar days, regardless of the number of calendar days in the month (instead of on the basis of the number of calendar days in each month);
- The condition under which voluntary termination of a contract is not an obstacle to resumption/continuation of compensation stipulates that the recipient must not have worked again for more than 4 months (instead of 3 months).

From 1 May 2025, the rate of unemployment insurance contribution paid by employers will be reduced to 4% (from 4.05%), due to the abolition of the temporary exceptional contribution introduced under the terms of the protocol of 28 March 2017.

A bonus-malus system relating to employers' separation rate for firms with more than 11 employees operating in the seven business sectors that most often have recourse to short-term contracts, introduced by the decree of 26 July 2019 (as amended), remains unchanged. The third period of modulation of unemployment insurance contributions continued until September 2025.

However, certain stipulations of the unemployment insurance agreement of 15 November 2024, considered to have no legal basis, have been excluded from approval and are therefore not applicable:

- the provisions stipulating a specific minimum affiliation requirement (5 months) for new entrants (jobseekers who have not been granted rights for the previous 20 years), derogating from the minimum affiliation requirement of 6 months under ordinary law (these provisions were finally approved by order of the Prime Minister on 28 March 2026 and have been applicable since 1 April 2026);
- provisions introducing, for cross-border workers and in order to take account of differences in wages between the State of employment and the State of residence, a coefficient on the daily reference wage, when remuneration received abroad is taken into account in calculating the ARE;

- the provisions authorising the accumulation of income from employment with the back-to-work allowance but introducing a time restriction for recipients who resume work abroad;
- the provisions stipulating that the median separation rates per sector eligible for the bonus-malus are determined each year by Unédic circular, whereas the determination of these rates does not fall within the competence of Unédic (provisions amended by the amendment n°1 of 7 July 2025, which specifies that the separation rates are "published" and not "determined" by way of a Unédic circular).

On 7 July 2025, the social partners signed an amendment n°1 to the unemployment insurance agreement of 15 November 2024 concerning the adjustment of the bonus-malus system, providing for:

- a new list of sectors of activity covered by the bonus-malus system;
- the exclusion of certain types of contract termination (the separation rate is now based solely on contract terminations of less than three months' duration, excluding certain types of termination); and
- a tightening of the sectoral comparison grid between companies (median separation rate calculated at the sub-sector level).

This amendment n°1 was approved by order of the Prime Minister on 18 February 2026. The provisions of the amendment of 7 July 2025 modifying Articles 4, 6 and 11 of the unemployment insurance agreement of 15 November 2024, Articles 50-2 to 51 of the general regulations appended to the agreement and implementation agreement No. 1 entered into force on 1 March 2026.

On 10 April 2026, the social partners signed amendment n°2 to the unemployment insurance agreement of 15 November 2024, under which:

- the period of benefit entitlement for beneficiaries whose employment contract was terminated by individual mutually agreed termination ("rupture conventionnelle") was extended to 15 months for beneficiaries under 55 and 20.5 months for beneficiaries aged 55 and over;
- the new supplementary birth leave ("*congé supplémentaire de naissance*" – CSN), of 1 or 2 months, taken at the employee's initiative and created by the Social Security Funding Act for 2026, was incorporated into the unemployment insurance rules (this optional leave is treated as a period of suspension of the employment contract which gives rise, subject to certain conditions, to payment of a daily social security allowance that cannot be combined with the ARE unemployment benefit).

This amendment n°2 was approved by order of the Prime Minister dated 19 June 2026. The provisions of amendment n°2 (i) amending Article 3 §1a, first paragraph, of the general regulations apply to employees involuntarily deprived of employment whose employment contract ended on or after 1 April 2026, (ii) relating to the supplementary birth leave apply to supplementary birth leave taken on or after 1 July 2026, and (iii) the other provisions apply to jobseekers whose employment contract terminates on or after 1 September 2026.

Moreover, it should be noted that the reform of pensions, resulting from the Amending Social Security Funding Act for 2023 dated 14 April 2023, which progressively entered into force from 1 September 2023, also impacted the unemployment insurance scheme, as the legal retirement age is one of the conditions to receive the ARE. Indeed, the ARE cannot be paid beyond the age at which the beneficiary is entitled to a full-rate pension, and at the latest beyond the automatic full-rate age (which remains at 67).

The pension reform provided for several measures, and in particular:

- a gradual increase in the legal retirement age from 62 to 64 from 1 September 2023, 3 months per year of birth to reach the target age of 64 by 2030;
- an acceleration of the schedule of the extension of the contribution period necessary to benefit from a full-rate pension which will be increased to 43 years in 2027,
- an adaptation of certain early departure arrangements, given the increase in the legal retirement age.

The two decrees n° 2023-435 and n° 2023-436 of 3 June 2023 were the first in a long list of application decrees (31 statutory texts are expected for the application of the pension reform), and provide in particular for the necessary application procedures :

- of the gradual increase in the legal retirement age from 62 to 64;

- of the adaptation of certain early departure arrangements;
- of the application of the reform to all civil servant and State worker schemes.

The following decrees were published on 30 July, 11 August, 22 August and 31 August 2023, in relation notably to : the suppression of the four special schemes, the revaluation of minimum pensions, the extension of the gradual retirement scheme, the cumulative application of employment and retirement benefits, the prevention of work-related strain, the professional prevention account, the purchase of trimesters at discounted prices for higher education or internships, and the inclusion of periods worked under community service contracts (TUC).

The provisions of these decrees apply mainly to pensions which took effect from 1 September 2023.

7.3	Formation date
------------	-----------------------

Unédic was created by the National Inter-Industry Agreement dated 31 December 1958 which created a national inter-professional unemployment insurance system and which was signed by employer and employee representative bodies on a national and inter-professional level.

The Issuer filed its articles of association with the non-profit associations office of the Préfecture de police [police headquarters] on 23 January 1959 and began its activities on 5 February 1959. The Issuer was subsequently registered in the Paris Trade and Companies Register on 20 January 1994 for an unlimited term.

History and development of the Issuer

The Issuer is a jointly-managed body created under the National Inter-Industry Agreement of 31 December 1958 to manage the unemployment insurance scheme. At that time, the scope of the unemployment insurance scheme was confined to the activity sectors represented on the Conseil National du Patronat Français (French national employers' association – CNPF). The scheme was progressively widened to include all trades and professions in the private sector. The milestones in this expansion are as follows:

1959	Inclusion of the industrial and commercial sectors represented on the Conseil National du Patronat Français (CNPF)
1967	Inclusion of all industrial and commercial sectors and optional membership for industrial and commercial public corporations (utilities)
1974 – 1977	Inclusion of the agricultural scheme
1979 – 1980	Inclusion of domestic servants and child minders
1987	Optional, revocable membership of local government and administrative public corporations other than those of the State, for non-established staff
1999	Optional, revocable membership of universities, major higher training institutions (<i>grandes écoles</i>) and scientific and technological public corporations

7.6	Summary corporate purpose
Pursuant to Article 2 of its articles of association dated 27 June 2023, the corporate object of the Issuer is: (1) to manage or finance all compensation scheme regarding involuntary work-deprivation, loss-jobs prevention, jobs retention and national training programme and more generally all employment scheme; (2) to conduct all studies and research in the field of employment, nationally and internationally; (3) to liaise as necessary with the public services, agencies and bodies, principally regional joint representation bodies whose activity concerns employment and to provide its cooperation as necessary; (4) to provide the regional management joint representation bodies with the guidelines ensuring implementation of the unemployment insurance regulations and make available to them all information and more generally all useful points in order to achieve this task and follow-up those tasks delegated to the unemployment insurance's operators; (5) to respond to all requests of the regional joint representation bodies and, as the case may be, take all necessary follow-up measures; (6) in compliance with provisions of Law n°2008-126 of 13 February 2008 reforming the organisation of the public employment service, to take all initiatives conducive to the return to employment of workers deprived of work against their will; (7) to defend, with respect to any person not having the capacity of a member, the interests of the unemployment insurance scheme before any jurisdiction; (8) to ensure that all public employment service members correctly apply all devices entrusted for implementation by Unédic; (9) to promote the quality of the services provided to workers deprived of employment against their will and to businesses; (10) to access to all personal information collected by all public agencies and bodies entrusted by Unedic with a mandate or a delegation for management, statistical and control purposes; (11) to contribute expertise to all other members of the employment public services, particularly in all fields referred to by the present article, (12) to manage any plan or funds necessary to the performance of the missions that have been or will be assigned to it by law, by order or by an agreement between the social partners or by any agreement with another entity and of which it undertakes to comply with the regulation. For that effect, it provides for the economical, legal and social unity of each of these schemes and of the means deployed.	
7.7	Information regarding the Issuer's activities
Pursuant to article L. 5227-1 of the French Labour Code, Unédic manages the agreed compensation schemes for employees who are involuntarily deprived of work in France, i.e., (i) the jointly managed Unemployment Insurance scheme, which is financed by employer and employee contributions, and (ii) specific indemnification or guarantee schemes (professional security contract and insurance against the risk of non-payment of salaries on behalf of AGS). The Issuer manages (i) the contractual and jointly-managed unemployment insurance scheme and (ii) other mechanisms provided under the agreements. (1) The contractual unemployment insurance scheme - Unemployment insurance The unemployment insurance scheme introduced by the national inter-industry agreement of 31 December 1958 is a contractual scheme of which the principles are laid down by statute. The Issuer manages on a jointly-representative basis the contractual provisions for compensating employees deprived of employment in France against their will. Under the scheme, unemployment benefit is paid to employees deprived of employment against their will who fulfil the conditions of age and of previous activity that has given rise to the payment of unemployment insurance contributions. Unemployment insurance benefits are calculated on the basis of the average gross salary for the last twelve (12) months of an employee deprived of employment against his will. The period for	

which benefit is paid depends on the length of the earlier activity having given rise to membership of the unemployment insurance scheme and on the age of the employee deprived of employment.

It is a compulsory basic scheme: all employers in the private sector must subscribe to the unemployment insurance scheme to cover all their employees¹⁴.

The unemployment insurance scheme is funded by compulsory contributions from employers and employees in accordance with the principle of professional solidarity. These contributions used to be collected by *Pôle Emploi* on behalf of the Issuer. Since 1 January 2011, collecting contributions, on behalf of the Issuer, is principally provided by Urssaf Caisse nationale and by the Urssaf network¹⁵. These resources are managed by the Issuer. Their amount is laid down by the current unemployment insurance scheme and changes in accordance with the expenditure to cover.

The contributions are used to finance the benefits paid to employees who are deprived of employment and have paid sufficient contributions. Pursuant to Article L. 5422-24 of the French *Code du Travail*, at least 10% of these contributions are paid to France Travail for its operating expenses and investment costs, and its assistance in finding employment for workers deprived of employment. The decree of 26 July 2019 increased the Issuer's rate of contribution to France Travail's financing to 11%. This rate has not been modified by the agreement of 15 November 2024 relating to unemployment insurance.

The agreement of 15 November 2024 has set the rate the general contributions at 4% from 1 May 2025, which are supported by the employers. The employee portion of the unemployment insurance contributions has been removed since 1 January 2019, except for casual entertainment workers ("*intermittents du spectacle*"), employees working in Monaco, and expatriate employees individually affiliated to the unemployment insurance scheme.

The employee contributions to the unemployment insurance system were replaced by a fraction of the employment income based general social contribution (*CSG activité*). €17.3 billion in 2024 and 17.6 billion in 2025 were thus recorded for the CSG on earned income.

In order to secure the financing for these eliminations and reductions and to guarantee that the Issuer is financed, the members of the Issuer's Executive Committee approved the execution of the following agreements:

- an agreement with Urssaf Caisse nationale and France Travail (formerly *Pôle Emploi*) to provide a framework for the payment of the employment income based general social contribution replacing employee contributions and the monitoring of wage bill data, dated 23 January 2019; and
- an agreement with Urssaf Caisse nationale, the Caisse Central de la MSA (CCMSA) and France Travail (formerly *Pôle Emploi*) regarding the financing of the general relief arrangements, dated 23 January 2019.

The framework surrounding the State's financial compensation regarding specific exemptions of employer contributions to the unemployment insurance system (i.e. "targeted" exemptions which were not incorporated in the general relief provisions) was formalised in an framework agreement entered into on 1 March 2019 with the French state (i.e. the services of the Direction du Budget, the DSS and the Ministers in charge of the different budget programs), Urssaf Caisse nationale, the CCMSA and France Travail. Since 2020, this financial framework agreement according to which the amounts corresponding to this compensation are repaid to Unédic by each ministry in charge of the various exemption programmes, was completed by annual amendments. In order to extent its period of application to the contributions owed in respect of employment periods running from 1 January to 31 December 2024, a new amendment was approved by the members of the Issuer's Executive Committee on 20 March 2024. This amendment agreement also provides that from 2025, the agreement of 1st March 2019 shall be automatically renewed each year.

In order to enable France Travail to carry on the missions previously performed by the unemployment insurance institutions, two service agreements were entered into on 19 December 2008 between the Issuer and France Travail concerning the payment of unemployment insurance benefit and the collection of contributions on a transitional basis.

Under these terms, the Issuer prescribes, particularly to France Travail, the rules concerning payment of unemployment benefit, and implements the unemployment insurance financial policy defined by the social partners. For this purpose, the Issuer drafts instructions and disseminates, among others, circulars, instructions,

¹⁰ Art. L. 5422-13 *Code du Travail*

¹¹ Collecting contributions on behalf of the unemployment insurance was transferred further to provisions of Law 2008-126 of 13 February 2008.

printed material and operating forms nationwide. In addition, it monitors disputes on questions of principle and manages the finances and cash of the unemployment insurance scheme.

With a view to simplifying formalities by employers in the context of payment of unemployment benefit insurance contributions, by reducing specifically the number of declarations and interlocutors, these service agreements were subsequently incorporated in the context of a quadri-partite agreement dated of 30 September 2022 entered into by the Issuer, France Travail, AGS and Urssaf Caisse nationale regarding the collection of contributions and subscriptions due from employers. The missions of the Issuer as referred to in the previous paragraph are incorporated and detailed in this new agreement.

The agreement also describes in detail the conditions according to which France Travail and Urssaf Caisse nationale collect on behalf of the Issuer contributions due for unemployment insurance and subscriptions to guarantee employees' claims, as well as payment of unemployment benefit to jobseekers.

- The *Contrat de sécurisation professionnelle* (career safeguarding contract)

The CSP is intended to assist and pay a specific allowance to the employees who are made redundant for economic reasons in order to promote their accelerated job-reclassification.

The CSP applies to all redundancy procedures for economic reasons by all companies which are not submitted to the reclassification leave (i.e. all companies, consisting of all their businesses branches, with a workforce of less than 1,000 employees or those in receivership or judicial liquidation regardless of their workforce).

The amendments relate, in particular, to the reduction of the safeguarding of careers indemnity ("*allocation de sécurisation professionnelle*"), the establishment of a re-employment premium and of a "CSP-glissant" to take into account the periods of work and the broadening of the conditions of the return to employment.

The national inter-industry agreement ("*accord national interprofessionnel*") has been implemented in a agreement on the CSP dated 26 January 2015, entered into force on 1 February 2015.

This agreement on the CSP, as amended to take into account the modifications of the unemployment insurance scheme, expiring on 31 December 2022, the members of the Executive Committee successively validated its extension until 31 December 2026. (by amendment no. 11 dated 25 November 2025).

(2) The other schemes

The Issuer also carries out other missions on behalf of third parties under management agreements with the State and the AGS (Association pour la Gestion du régime d'assurance des créanciers des Salariés – Association managing the scheme insuring amounts owed to employees).

- The Unédic-AGS agreement

The AGS is the employers' organisation financed by businesses, created in early 1974; it pays the debts arising from the employment contract in the event of a business going into receivership or judicial liquidation.

The agreement of 18 December 1993 was terminated on 27 June 2019 by AGS, effective 31 December 2019 which gave rise to several extension agreements before relating to the management agreement, a new management agreement was entered into between AGS and the Issuer on 27 June 2023.

- The State-Unédic agreement on compensation for short-time working

In response to the economic difficulties encountered by businesses, an alternative to short-time working has been instituted, turned "*activité partielle à longue durée*" (long-term part-time working). This scheme may provide for the payment, under a part-time working agreement, of additional benefits for short-time working to employees whose working time is reduced below the legal or contractual period for a long period, with counterpart job-maintenance and training guarantees. Since the creation of the new part-time scheme referred to below, the scheme has been financed one-third (33%) by Unédic and two-thirds (67%) by the State.

7.11	Composition of Management
7.11.1	<u>Description & composition of the Issuer's administrative and management bodies</u>
The Issuer is a jointly managed institution featuring equal representation on its management bodies between the representatives of national organisations representing employers and the representations of inter-industry organisations representing employees. It is administered by a Board of Directors and an Executive Committee. The Issuer's general management functions are performed by a Managing Director. A. Description of the Issuer's administration and management bodies (1) The Board of Directors The Board of Directors has joint and even-handed representation of a panel of employers and a panel of employees each consisting of twenty-five (25) representatives. The panel of employers is composed of the <i>Mouvement des Entreprises de France</i> (MEDEF), the <i>Confédération des PME</i> (CPME) and the <i>Union des entreprises de proximité</i> (U2P). The employees' panel is composed of the <i>Confédération Française Démocratique du Travail</i> (CFDT), the <i>Confédération Française de l'Encadrement - Confédération Générale des Cadres</i> (CFE-CGC), the <i>Confédération Française des Travailleurs Chrétiens</i> (CFTC), the <i>Confédération Générale du Travail</i> (CGT), and the <i>Confédération Générale du Travail - Force Ouvrière</i> (CGT-FO). The Board of Directors enjoys the widest powers for operations in keeping with the Issuer's corporate object. In particular, it may draw up all internal regulations for implementing the issuer's articles of association, make any amendments to the articles of association, enforce those articles of association and regulations in particular cases that may arise, manage the resources of the Association and any fund to aid workers deprived of employment. The Board of Directors, pursuant to the Articles and Memorandum of Association, also performs the duties ordinarily incumbent on the General Meetings. (2) The Executive Committee The Executive Committee is composed with equal representation of the social partners of a maximum of ten (10) members chosen by the Board of Directors from among its members every two (2) years. It is chaired in the framework of alternating 2-year terms by a representative of the national employers' organisations and the representation of the employees' national trade union organisations. The Chairman, failing whom a second or a third Deputy Chairman belonging to the same panel, ensures the smooth running of the Issuer, in accordance with the articles of association and its regulations and chairs the meetings of the Executive Committee and the Board of Directors, signs all the instruments, deliberations or agreements and represents the Issuer before the courts and in the acts of civil society. The Executive Committee takes all the measures necessary for the smooth running of the Issuer's administrative affairs, sees to the due dispatch of its ordinary business, exercises any powers delegated to it by the Board of Directors and appoints the Managing Director.	

(3) The Managing Director

The Issuer's Managing Director, appointed by the Executive Committee, is in charge of the proper operation of the Issuer's services. He performs his duties and represents the Issuer under powers delegated to him by the Executive Committee. He concludes collective labour agreements for application to all categories of staff covered by the unemployment insurance scheme and chairs the meetings of the staff representative bodies.

(4) The State supervisor

The Issuer is supervised by a State supervisor who sits on the Issuer's Board of Directors and Executive Committee in a consultative capacity.

7.11.2	<i>Overall remuneration of the members of the Issuer's management and control bodies</i>
The members of the Issuer's management and control bodies, and more generally the members of the Executive Committee and of the Board of Directors, do not receive any remuneration for the duties they perform for the Issuer. The organisations to which they belong receive an indemnity to offset the costs incurred while fulfilling their mandates on behalf of the public unemployment benefits service.	
7.11.3	<i>Offices held by members of the Issuer's management and control bodies in other businesses</i>
Most of the members of the Executive Committee conduct their main activities within the organisations that they represent in the management and administration bodies of the Issuer, within the contractual scheme and according to the rules defined by the social partners.	
7.11.4	<i>Conflicts of interest – agreements between the Issuer and any legal entity having common senior managers with the Issuer</i>
The Issuer has not identified any person who is a member of its administrative and management bodies who may have a conflict of interest between (i) its duties to the Issuer and (ii) that person's private interests among others. It should be noted that the Issuer has issued internal regulations governing procurement and other contracts in order to prevent any conflict of interest particularly within its administrative and management bodies. These internal regulations contain a number of recommendations and specify a number of incompatibilities for purposes of the award by the Issuer of procurement and other contracts. Expenses under agreements relating to the Issuer's financial contribution to trade and employer unions' costs arising from their employees' participation in the management of the unemployment insurance system were renewed in respect of 2026 during a Board of Directors' meeting held on 4 February 2026. The Issuer has not entered into any agreement with the companies/enterprises listed in the above-mentioned paragraph.	
7.11.5	<i>Main shareholders</i>

7.18	Additional information about the Issuer
7.18.1	Organisational chart

Place of the Issuer in the organisational scheme of the public employment service.

The unemployment insurance scheme is a protection scheme with rules adopted by the social partners. The Issuer has been put in charge of administering these contractual rules.

The Issuer is joint-representation body managing the unemployment insurance scheme; on behalf of the social partners, it also performs the role of research and expertise in subjects related to employment and unemployment. For this purpose, it provides to the social partners or to its management bodies analytical information required by them to develop their projects and conduct their activities (using indicators, studies, surveys, simulations, estimates, underwriting balance and assessments, benefit forecasts, etc.).

(A) The Issuer and Urssaf Caisse nationale (former Acoss)

In the framework of Law No. 2008-126 of 13 February 2008 reforming the organisation of the public employment service, Urssaf Caisse nationale and Urssaf network were entrusted, on behalf of Unédic and AGS, with the collection of unemployment insurance's contributions and subscriptions.

The implementation phase was endorsed by a quadri-partite agreement concluded on 17 December 2010 by the Issuer, Pôle emploi, AGS and Urssaf Caisse nationale, which provides the practical terms pursuant to which Urssaf Caisse nationale and all services of the recovery branch collect, on behalf of the Issuer and AGS, contributions and subscriptions.

(B) The Issuer and France Travail (formerly Pôle Emploi)

Law No. 2008-126 of 13 February 2008 organised the merging of the Agence nationale pour l'emploi (ANPE – National employment agency) and the unemployment insurance operating network (the Assédic and Garp agencies) and provided for the creation of a new public corporation called France Travail (formerly Pole emploi). This new institution was created on 19 December 2008.

France Travail enjoys legal personality and financial independence. On behalf of the issuer, it is responsible for carrying out the missions of the public employment service including placement, payment of benefit, job finding, training, support and advice for job seekers. In accordance with Article L. 5312-1 of the French *Code du Travail*, the missions of France Travail consist of the following:

- (1) prospecting the labour market, developing expertise in trends in the job market and in skills, collecting job offers, assisting and advising businesses in their recruitment, matching job offers with jobseekers and participating actively in combating hiring discrimination and in campaigning for professional equality;
- (2) receiving, informing, guiding, supporting and advising persons regardless of whether they are in work, who are seeking work, training or professional advice, prescribing all actions conducive to developing their professional skills and improving their employability, facilitating their return to work and professional betterment, facilitating their geographical and professional mobility and contributing to their finding work and a place in society;
- (3) taking registrations on the list of jobseekers, keeping that list up-to-date and ascertaining whether jobseekers are duly seeking work;
- (4) on the Issuer's behalf, paying the unemployment insurance benefit and on behalf of the State or the Solidarity fund, paying the Solidarity benefits, return-to-work bonus, the lump-sum bonus and any other benefit or assistance the state requires it to pay under contract;
- (5) collecting, processing, disseminating and making available to the relevant State and Issuer services, data concerning the labour market and payment of benefits to jobseekers;
- (6) implementing all actions entrusted to it by the State, local and regional government and the Issuer of relevance to its mission; and
- (7) Implementing the youth employment contract mentioned in Article L. 5131-6 of the French *Code du Travail*.

France Travail collected contributions as a transitional measure; this task is now handed over to the Urssaf (see above).

The Issuer prescribes the rules concerning payment of unemployment benefit and any assistance negotiated by the social partners. The relevant instructions are transmitted to France Travail for payment on the Issuer's behalf of benefits to jobseekers who have been subscribed to the unemployment insurance scheme.

The Issuer also defines, specifies and forwards the necessary instructions for collection of employers' and employees' contributions and participates in the implementation of other contractual mechanisms.

The Issuer ensures that France Travail is compliant in fulfilling its instructions, pursuant to the tripartite, multi-year agreement signed between Unédic, the State and France Travail on 18 December 2014¹⁶.

A new tripartite agreement was signed on 30 April 2024 for the purpose enabling the State and the Issuer to define France Travail's strategic orientations for the upcoming years (2024-2027).

These orientations respond to a desire on the part of the State, Unédic and the social partners to, on the one hand, pursue the improvement of the support of jobseekers in order to facilitate and accelerate the return to sustainable employment, and on the other hand, reinforce the support of companies in need as to facilitate the recruitment, all the while improving management, resulting from the tripartite agreement, in relation with the establishment of France Travail.

Three strategic orientations were therefore defined in the tripartite agreement of 30 April 2024:

- providing each individual with the means to reach sustainable employment;
- assuring the access of beneficiaries to their right to the payment of their benefits, serving their pathway to return to employment; and
- supporting employers to recruit more rapidly and more sustainably, and to diversify their recruitment methods.

In addition, the Issuer is the main contributor to France Travail 's budget, with funding of 10% of the contributions received up to 2019, 11% of the contributions received since 2020 (4,820 billion in 2024 and 4,984 billion in 2025). Decree no 2019-797 of 26 July 2019 relating to the unemployment insurance system increased this contribution by one point (increased to 11%) for the purpose of enhancing the support provided to jobseekers.

A new bipartite agreement between the Issuer and France Travail was signed on 26 June 2025. This agreement specifies the conditions under which Unédic delegates to France Travail the tasks of providing benefits and assistance financed by the unemployment insurance scheme, and collecting general and special contributions for specific populations (intermittent workers in the entertainment industry, expatriates, etc.).

(C) The Issuer and the joint bodies

Article L. 5312-10 of the French *Code du Travail*, institutes regional joint bodies within the regional management entities of France Travail. Those bodies have the following missions:

- (1) Delivering an opinion on programming of France Travail action at the relevant territorial level; and
- (2) Overseeing the implementation of the unemployment insurance agreement.

The multi-year agreement provided in Article L. 5312-3 of the French *Code du Travail*, signed between the State, Unédic and France Travail provides for the joint bodies to exercise a role of alerting the Issuer as part of their remit of overseeing due implementation of the unemployment insurance agreement. Moreover, the joint bodies may consult the Unédic technical services "*in the event of difficulty in interpreting the unemployment insurance regulations and of its implementing agreements*".

The joint bodies, regarded as the local or regional arm of the social partners managing the unemployment insurance scheme, had their terms of reference specified by the successive unemployment insurance scheme agreements and their implementing instruments.

The Issuer coordinates the action of the joint bodies at the regional level, supporting and advising them in the fulfilment of their mission.

Subsidiaries of the Issuer

The Issuer does not own any subsidiaries.

¹²Art L. 5312-3 *Code du Travail*

7.18.2	Recent events specific to the Issuer and significantly influencing assessment of its solvency
	After an exceptional rebound of employment in France in 2021(+1,114,654 according to Insee, an increase of nearly 3.9%) and increased in 2022 (+347,000 compared to 2021, an increase of nearly 1.7%), which continued in 2023 (+114,000 compared to the end of 2022), employment in the field affiliated with the unemployment insurance showed a new decline in 2025 (-65,000 compared to the end of 2024 against -30,100 in 2024 compared to the end of 2023). Meanwhile, whereas the number of jobseekers indemnified by the unemployment scheme fluctuated around 2.7 million during the second part of the 2010 decade before reaching a peak at 2.9 million in 2020 (due to the sanitary crisis and the extension of the rights to indemnification applied to support the economy), this number fell down to 2.6 million, driven by the combined effects of the end of the extension of rights, the entry into force of the 2021 unemployment insurance reform and the employment dynamics and then stabilized at this level in 2022, 2023, 2024 and 2025 (with 2.6 million indemnified unemployed people). In total, the number of jobseekers receiving back to work allowances (ARE), back to work training allowances (AREF), professional security allowances (ASP), back to work (ASP), return to work project allowance (AREP) and allowances for the self-employed (ATI) under the unemployment insurance system decreased by 42,000 people between December 2024 and December 2025. The number of compensated unemployed persons was 2,626,000 in December 2025. Each month, approximately 2,624,000 jobseekers on average received benefits from the unemployment insurance system in 2025 (source: France Travail, CVS data at end of month, all of France). While the crisis aggravated Unédic's 2020 and 2021 result to an unprecedented extent, the 2022 and 2023 accounts for the scheme were in benefits, because of a surge in revenue from the rebound in the wage bill and a reduction in expenditure linked to the fall in the unemployment rate and, above all, the end of various emergency measures. However, a negative trend was observed at the end of 2023 and 2024 with (i) an upward trend in the number of indemnified unemployed people, contributing to the year-on-year increase in expenditure on allowances and aids, (ii) the delayed effect of the inflationary episode via the revaluation of unemployment allowances decided in 2023 and 2024, and (iii) the less dynamic wage growth (in coherence with the decline in inflation). In 2025, the relatively unfavourable economic environment (sluggish growth of +0.9%, unemployment rate rising to 7.9% at year-end, marked slowdown in the wage bill to +1.8%) and the incomplete compensation for exemptions under the general reduction, which continued to apply in 2025, weighed on the scheme's financial balance. Thus, at the end of 2025, the net result of the Unemployment Insurance amounted to -22.6 million euros (compared to -128.3 billion euros at the end of 2024). The overall benefit expenditure decreased by 0.92 % in 2025, mainly due to a -1.4% decrease for the back to work allowances (ARE) and of +16% increase for the back to work allowance (ASP). After a historic decline of 6.7% in 2020, the main contributions continued the upward trend that began in 2021 (+10.2%) and in 2022 (+8,1%) to progress by 0.9% in 2023, by 1.5% in 2024 and by +1.8% in 2025. The increase was slowed down by the partial non-compensation of the general cuts. After including the contribution of the unemployment insurance to the financing of the supplementary pension for beneficiaries (2,428 million euros in 2025), to the participation for the France Travail budget (4,984 million euros) and the drastic decrease to the financing of partial activity (61 million in 2025), the technical management charges increased by +0.2% between 2024 and 2025. The technical management result is positive of 593 million euros in 2025, compared to 454 million euros in 2024. Issuer Rating The Issuer is rated Aa3 (negative outlook) by Moody's France S.A.S, A+ (stable outlook) by S&P Global Ratings Europe Limited and AA- (negative outlook) by Scope Ratings GmbH. The financial rating agencies Moody's, S&P Global Ratings Europe Limited and Scope Ratings GmbH downgraded the Issuer on respectively 29 October 2025, 17 October 2025 and 3 October 2025, along with the sovereign rating downgrade for France decided by it. The short-term rating of P1 (issued by Moody's France S.A.S.) remained unchanged. S&P Global Ratings Europe Limited has assigned a short-term rating of A-1+ and Scope Ratings GmbH has assigned a short-term rating of S-1+.

The total outstanding benefits to be paid over the average period of unemployment remaining to be covered as of 31 December 2025 to eligible beneficiaries registered at that date has been evaluated by Unédic's Department of Studies and Analysis to be €25.5 billion. This amount does not include benefits due to those who are beneficiaries of a compensation maintenance scheme until their retirement. Outstanding benefits due from Public Unemployment Benefits Service to beneficiaries entitled to retain indemnification concern jobseekers who may under certain circumstances, continue receiving benefits until retirement age. The total benefits due to these beneficiaries registered at the end of the 2025 financial year have been evaluated by Unédic's Department of Studies and Analysis to be €1 billion.

Collateral provided for securities previously issued by the Issuer

No debt instruments outstanding as of the date of this Information Memorandum are the subject of any guarantees; it being specified that the bond issues carried out since 2015 benefit from a guarantee by the French State.

Significant information extracted from the issuer's provisional financial statements

The Issuer does not prepare provisional financial statements.

Significant changes in the Issuer's financial or commercial situation

With the exception of what is set out in the Information Memorandum, there has been no significant change in the Issuer's financial situation since 31 December 2025. It should nevertheless be recalled that, in France, the Issuer is a unique institution responsible for managing the unemployment insurance scheme. Consequently, the Issuer is permanently affected by national and even international macroeconomic trends. The Issuer is directly affected by French general economic trends.

Since 31 December 2025 (the date of its latest audited and published financial statements), the trends affecting the Issuer are described in section "Recent Developments" and in several memorandums from the Issuer's Executive Committee on the financial situation of the unemployment insurance system, which are incorporated by reference to this Information Memorandum.

The macroeconomic trends affecting the Issuer have resulted in a need for additional financing, thus requiring:

- (i) maintaining the Issuer's *Titres Négociables à Court Terme* (Short-Term Negotiable Notes) programme (details of applications at 31 December 2025 shown hereunder), which is capped at 18 billion euros (pursuant to the decisions of the Issuer's Board of Directors on 30 June 2026);
- (ii) maintaining the Issuer's *Titres Négociables à Moyen Terme* (formerly called *bons à moyen term négociables* (Medium-Term Negotiable Notes) programme (details of applications at 31 December 2025 shown hereunder), it being specified that during the meeting held on 30 June 2026, the Issuer's Board of Directors confirmed the limit on this amount to be 10 billion euros;
- (iii) bonds issues issued under the Programme (cf. paragraph "Significant agreements").

7.18.4 Significant agreements

The following are the significant agreements (other than agreements concluded in the normal course of business) to which the Issuer is a party and that may confer on the Issuer a right or obligation with significant incidence on the Issuer's capacity to fulfil the obligations incumbent on it under this Information Memorandum:

EMTN programme for the issuance of securities for the employment service

The Issuer has a Euro Medium Term Note programme. The maximum amount that may be outstanding under that programme is 60 billion euros (in accordance with the decisions of the Bord of Directors dated 4 February 2026). The net proceeds of issuance of notes is attributed to financing the Issuer's activities, which consist of monitoring the performance of the Unemployment Insurance system to the benefit of employees, companies and jobseekers by ensuring that the system's operators properly apply the rules and arrangements approved by the social partners in close collaboration with those operators, all with a view of managing the Unemployment Insurance system in a socially responsible way. The nominal outstanding amount under the Issuer's EMTN programme is 46,900 billion euros at 31 December 2024 and 47,900 billion at 31 December 2025.

The Issuer has a *Titres Négociables à Court Terme* (NEU CP) programme whose limit for outstanding amount is of €18 billion (according to the decisions of the Issuer's Board of Directors dated 30 June 2026). The *Titres Négociables à Court Terme* programme was used up to an amount of 12.356 billion as at 31 December 2024 and of 10.994 billion at 31 December 2025. As required by the regulations, annual updates regarding this programme have been supplied to the Banque de France. It is currently rated P-1 (Moody's France S.A.S.), A-1+ (S&P Global Ratings Europe Limited) and S-1+ (Scope Ratings GmbH).

Negotiable Medium-Term Notes (NEU MTN)

The Issuer's NEU MTN programme was used, as at 31 December 2025, up to an amount of €4,000 billion.

7.18.5 Trend information

Subject to the information contained in this Information Memorandum, no significant deterioration has affected the Issuer's outlook since 31 December 2025.

Subject to the information contained in this Information Memorandum, there has been no significant change in the Issuer's financial or commercial situation since 31 December 2025.

7.18.6 Governmental, judicial or arbitration proceedings

The Issuer is not and has not been involved in any governmental, legal or arbitration proceedings and is not aware of similar proceedings which are pending or threatened, within a period covering the twelve (12) months preceding this Information Memorandum, which may have, or have had in the recent past, significant effects on the financial position or profitability of the Issuer or its business.

7.18.7 Documents accessible by the public

So long as Notes are outstanding under this Programme, copies of the following documents will, when published, be available, without charge, during normal business hours on any weekday (Saturdays, Sundays and public holidays excepted), at the registered office of the Domiciliary Agent:

- (i) a copy of the *statuts* of the Issuer;
- (ii) the audited financial statements of the Issuer in respect of the financial years ended 31 December 2023, 2024 and 2025;
- (iii) a copy of this Information Memorandum, any updates to the Information Document and any new Information Memorandum;
- (iv) the Final Terms with respect to Notes admitted to trading on Euronext Paris or on any other Regulated Market; and
- (v) all reports, letters and other documents, historical financial information, valuations and statements prepared by any expert at the Issuer's request any part of which is included or referred to in this Information Memorandum.

SECTION 8 : RECENT DEVELOPMENTS

At various meetings of the Executive Committee held during the period from 2020 to 2024, the members of the Executive Committee notably presented the regulatory and operating measures taken in the context of Covid-19 (wage-subsidies, exceptional extension measures for the payment of the ARE, deferral of the payments of contributions) and the effects of such measures on the financing of the unemployment insurance scheme.

At a meeting held on 17 June 2026, the members of the Executive Committee presented latest financial forecasts of the unemployment insurance system by the 2028 horizon. The GDP growth is weakened by the inflation unprecedented in the latest decades, therefore, GDP grew by +0.9% in 2025 (after + 1.1% in 2024). In 2026, according to the Economists' Consensus of June 2026 on which these forecasts are based, the pace of economic activity should remain constant, resulting in annual GDP growth of around +0.6%. The economic activity would then remain very gradually to reach +0.9% in 2027 and +1.2% in 2028 (annual change).

In deficit every year since 2009, Unédic's financial scheme has deteriorated sharply in 2020 and to a lesser extent in 2021 due to the health crisis. The end of the emergency measures, as well as the economic and regulatory factors detailed above, allowed the scheme to return to positive territory from 2022 with a balance of +€4.3 billion.

The financial balance to equilibrium in 2025 would deteriorate more significantly and would show a deficit in 2026 for the first time since 2021, at -€2.3 billion: the scheme's revenues would contract by nearly €1.0 billion while total expenditure would increase by nearly €1.3 billion. The forecast of a positive financial balance of +€2.1 billion in 2027 and +€4.0 billion in 2028, in turn, is based on the assumption that there will be no levy by the government from 2027 onwards..

The deterioration of the financial balance in 2020, related to an economic shock of unprecedented magnitude in the history of the unemployment insurance system due to the Covid-19 pandemic, brought the debt to 63.6 billion euros at the end of 2021. The scheme's debt began a reduction trajectory as early as 2022. It showed a significant reduction in 2022 to reach a net debt of €60.7 billion. After two years of debt reduction in 2022 and 2023, Unédic's debt stood at 59.4 billion euros at the end of 2024, as it did at the end of 2025. This level of debt shall deteriorate more significantly in 2026, reaching 61.5 billions. In 2027, assuming no government levies are decided in 2027, debt would reach €54.9 billion at the end of the year. Considering government levies and associated interest charges over the entire period (2023-2006), debt would reach €59.4 billion at the end of 2027, then €55.4 billion at the end of 2028.

Unedic assumes the following growth forecasts produced by the Economists' Consensus, published each month. This forecast is thus based on the publication of the Economists' Consensus published on June 2026. The potential effects of the full employment law, which forecasts a generalised registration to France Travail in 2025, including of the RSA beneficiaries, are integrated in this prevision exercise, but may be revised in the future depending on changes in the available data. The 2026 Finance Bill (PLF) and Social Security Bill (PLFSS) are included in this forecast, including the suspension of the pension reform between September 2026 and December 2027. The financial forecast also takes into account the effects of the agreement concluded on 25 February 2026 by the social partners on the compensation arrangements for mutually agreed contract terminations ("*ruptures conventionnelles*"), as part of the negotiation on the unemployment insurance scheme.

This amount may be reassessed as appropriate, depending on the measures that may be taken by the public authorities in light of the evolution of the economic situation, it being understood that the updating of such estimates will be undertaken by the Issuer in the framework of its forecasting work as the manager of the unemployment insurance system.

For more information, the different memorandums from the Issuer's Executive Committee on the financial situation of the unemployment insurance system are available on the Issuer's website. [Name(s) of Dealer(s)]

[Governance of MiFID II products / Target Market: eligible counterparties and professional clients only –

Solely for the purposes of the approval process of each product manufacturer, by taking into consideration the 5 categories referred to in item 19 of the Orientations published by the European Securities and Markets Authority on 3 August 2023, the assessment of the target market for the Notes led to the conclusion that: (i) the target market for the Notes concerns eligible counterparties and professional clients only, as defined in MiFID II, and (ii) all distribution channels for the Notes to eligible counterparties or professional clients are appropriate. Any person offering, selling or ultimately recommending the Notes (a distributor) must take into consideration the target market of the manufacturer(s). However, distributors subject to MiFID II are required to make their own assessment of the target market of the Notes (by adopting or extending the assessment of the target market conducted by the manufacturer[s]) and to determine appropriate distribution channels.]

[UK MiFIR product governance: eligible counterparties and professional clients –

Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes, taking into account the appropriate distribution channels for the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("COBS") and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA ("UK MiFIR") and (ii) all channels for distribution to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Rules") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.]

SECTION 10: SUBSCRIPTION AND SALE

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealers in particular following a change in a relevant law, regulation or directive. Any such modification will be the subject of an update to this Information Memorandum.

Each Dealer will be required to comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or in which it has in its possession or distributes the Information Memorandum, any other offering material or all the Final Terms and neither the Issuer nor any Dealer shall be liable for another Dealer's actions.

European Economic Area

Each Dealer must represent and warrant that it has not offered, sold or otherwise made available the Notes to investors other than other than qualified investors as defined in Regulation (EU) n°2017/1129 (the "Prospectus Regulation"), it being specified that, without prejudice to applicable laws and regulations of any Member State, in accordance with Article 1.2 d) and 1.2 e) of the Prospectus Regulation, the Issuer is not subject to the requirements relating to the setting up, approval and publication of a prospectus provided for in the Prospectus Regulation.

United Kingdom

Each Dealer shall represent and agree that:

- (a) in relation to any Notes which have a maturity of less than one (1) year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the Financial Services and Markets Act 2000 (the "**FSMA**") by the Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which the provisions of Section 21(1) of the FSMA do not apply to the Issuer; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

United States of America

The Notes and any related guarantee have not been and will not be registered under the United States securities act of 1933, as amended (the "**Securities Act**") and, subject to certain exceptions, may not be offered or sold, directly or indirectly, within the United States or to, or for the account or benefit of, U.S. persons, as defined in Regulation S under the Securities Act ("**Regulation S**").

The Dealers may not offer nor sell Notes within the United States or within its possessions, or to, or for the account or benefit of U.S. Persons. Terms used in this paragraph have the meanings given to them by Regulation S.

In addition, until forty (40) days after the commencement of the offering of any particular Issue of Notes, an offer or sale of Notes within the United States by any Dealer may violate the registration requirements of the Securities Act.

This Information Memorandum has been prepared by the Issuer for use in connection with the offer and sale of the Notes outside the United States. The Issuer and the Dealers shall reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Information Memorandum does not constitute an offer to any person in the United States. Distribution of this Information Memorandum outside the United States to a U.S. Person or to any other person within the United States is prohibited and any disclosure without

prior written consent of the Issuer of any of its contents to any such U.S. person or other person within the United States, is prohibited.

France

Each of the Dealers and the Issuer shall declare and agree that [during the initial distribution of the Notes]¹⁹ it has not offered or sold and will not offer or sell, directly or indirectly, Notes to the public in France (except to qualified investors as defined below) and it has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, this Information Memorandum, the relevant Final Terms or any other offering material relating to the Notes to investors other than qualified investors as defined in Regulation (EU) no. 2017/1129 (the Prospectus Regulation), as amended, being specified that the Prospectus Regulation does not apply to this Information Memorandum and the Issuer is not subject to the requirements relating to the setting up, approval and publication of a prospectus provided for in the Prospectus Regulation, in accordance with article 1.2 e) of the Prospectus Regulation.

These selling restrictions may be amended. In such a case, these restrictions shall be specified in an updated version of this Information Memorandum.

¹⁹ Only applicable for Notes admitted to trading on Euronext Paris
